*No. 1099M.—The 27th March 1926.*—In pursuance of section 49, sub-section (*1*) of the Calcutta Improvement Act, 1911 (Bengal Act V of 1911), it is hereby notified for general information that, in exercise of the power conferred by section 48 of that Act, the Governor in Council is pleased to sanction the street scheme known as scheme No. XXII (Nebutala Lane widening from St. James Square to Bowbazar Street) in ward No. XI of the Calcutta Municipality, which was submitted to them by the Board of Trustees for the Improvement of Calcutta under section 47 of the said Act.

**Calcutta.**

2. A description of the scheme is given below :—

This is a street scheme which provides for the construction of a portion of proposed public street No. XVI (Amherst Street to Loudon Street) which has been sanctioned by Government. It provides for the widening of Nebutala Lane to 60 feet for a length of about 250 yards from St. James Square to Bowbazar Street and also for the widening of subsidiary small roads.

The scheme provides for the acquisition of the whole of the landwithin the blue verge on the plan of the scheme. The land will be relaid out in building plots as shown on the plan. If any of it is formed out of one ownership, the owner will have the option of exempting it from acquisition under section 78.

It is also the intention of the Board to arrange that where a plot is formed principally out of land in one ownership, such owner shall have the opportunity of acquiring or retaining the new plot.

The following figures relate to the particulars of the scheme :—

| | Cottahs. | Acres. |
|---|---|---|
| (1) Total area within the scheme (limit of acquisition) ... | 321 | 5·3 |
| (2) Total area of existing roads within the scheme ... | 52 | ·85 |

*No. 51.—The 6th March 1926.*—The following draft of rules and schedule of rates of tolls, which, in exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council intends to make and fix, for the Damodar Channel joining the Katcha and Baleswar rivers in the Perojpur subdivision of the Bakarganj district, is hereby published for the information of persons likely to be affected thereby.

II. The draft will be taken into consideration on or after the 22nd April 1926, and any objections or suggestions received before that date will be considered :—

*Draft rules and schedule of rates of tolls.*

1. Every vessel on entering the channel and before passing the gate at either end or even when entering the channel from a side khal between the gates shall be liable to measurement for the purpose of ascertaining the tolls payable ; in case of any reasonable doubt arising, a vessel may be measured again by any person appointed by the District Board of Bakarganj, on this behalf.

2. Vessels for the purpose of the determination of maundage shall be divided into two classes as below :—

*Class I.*—To include all vessels of the types of country boats, including saltees and hapors (fish cages), house boats, kosh boats, green boats, etc.

*Class II.*—To include steam boats, motor boats, flats and barges and other square built vessels.

3. The maundage of every vessel, whether laden or empty, shall, for the purpose of Act V (B.C.) of 1864 and of these rules, be determined by the following measurements :—

CLASS I.

A. The product of one quarter the length of the vessel from stem to stern, measured along the water line, multiplied by the interior greatest breadth of the vessel, multiplied by the depth from the water-line to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

B. The measurement of the length is to be made in feet, rejecting inches ; the measurement of breadth and depth is to be made in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

C. The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral muntiple of 12½ maunds, any remainder of less than 12½ maunds being rejected. In the case of vessels exceeding 500 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 50 maunds, rejecting any remainder of less than 50 maunds.

D. **Saltees.** The product of one quarter of the inside length of the vessel, measured along the centre line from stem to stern, multiplied by the interior greatest breadth of the vessel, multiplied by the greatest depth measured from the top to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

CLASS II.

For vessels of Class II the number of maunds obtained by the system of measurement prescribed for vessels of class I shall be increased by one-half For vessels of this class above 5,000 maunds measurement, the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting remainder of less than 500 maunds. In the case of steamers and motor boats, the maundage determined as above shall be reduced by one-third as an allowance for engine space.

For vessels of class II which are furnished with reliable way bills, the gross maundage of cargo shown by the way bills or in the case of steamers, the maundage obtained from multiplying the registered tonnage of the steamer by 27, may, at the option of the employer of the vessel or the steamer (as the case may be), be taken as the maundage on which tolls will be charged.

4. After the measurement the person in charge of the vessel shall be provided with a slip showing the maundage to be charged, which must be presented at the toll office where he will be provided with a ticket, after payment of toll, which will permit the vessel to pass the gate or proceed through the channel.

5. Every ticket shall have entered on it the name of the sarang, manjee or other person in charge of the vessel, the date of entry, the maundage, the cargo, the amount of toll charged and the number of days for which the ticket remains current.

6. All tolls are payable on demand and shall be paid at the toll office before a vessel is permitted to proceed.

7. The ticket must be kept on board the vessel and in possession of the person in charge of the vessel and must be produced for inspection when demanded by the person authorised to collect tolls, or by any officer to whom such person is subordinate. If on demand the ticket is not produced, such person or officer shall assess the tollage as provided in rules 3 and 12 and shall require payment of

toll, and unless and until the toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel shall be liable to seizure and detention under the provisions of section 9 of the Act.

8. Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the collector of tolls on payment of a fee equal to one quarter of the total tollage, subject to a minimum fee of one anna per ticket.

9. All vessels, whether the property of Government, District Board, other local bodies or of private persons, are liable for toll except those specially exempted under these rules or by a resolution passed by the District Board of Bakarganj from time to time.

10. The canal may be closed once a year for effecting the necessary repairs to it on seven days' notice of the intention so to close it being given; but in the event of any sudden emergency the canal may be closed at any time without prior notice, and no claim in such case by owners of vessels or others for compensation on account of detention shall be entertained.

11. No rafts exceeding 50 feet in length and 5 feet in breadth shall be permitted to enter the canals.

12. The rates of toll shall be as follows :—

| | |
|---|---|
| (1) On all vessels empty or laden, per hundred maunds ... ... ... ... | Eight annas. |
| (2) On all vessels empty or laden, for 12½ maunds or less ... ... ... ... | One anna. |
| (3) On rafts of bamboos, grass, timber, etc., not exceeding 50 feet in length and 5 feet in breadth ... ... ... ... | Four annas each raft. |

Tolls will be levied at Hulerhat and Perojpore.

13. For boats frequently using the canal such as boats carrying passengers, grass or perishable articles monthly tickets will be issued at 10 times the ordinary toll.

14. Every vessel which has paid toll shall be allowed to remain in the canal for three days inclusive of the days of entry into and leaving the canal. A vessel remaining in any part of the canal longer than three days shall be charged demurrage equal to one-half of the toll for each day in excess of three days. No vessel shall be permitted to remain in the canal for more than one month. Provided that this rule shall not apply to vessels holding monthly tickets under rule 13 above, which may remain in the canal for more than three days without payment of demurrage but not for more than one month at a time.

15. No vessel carrying exclusively police officers or servants, soldiers and officers of the British Army, post mail runners, officers of the Irrigation Department on duty, officers and servants of the toll office for the canal referred to in these rules while on duty, or the vessels of such other persons as may be exempted by a resolution of the District Board of Bakarganj, shall be liable for toll in the canal.

16. Any matter relating to the mode of collection of tolls and other relevent points, not provided for in these rules, shall be decided by the District Board of Bakarganj at a meeting, and shall be subject to the approval of the local Government.

*No. 91.—The 6th March 1926.*—The following draft of rules and schedule of rates of tolls, which, in exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council intends to make and fix, for the side cut along the Barisal-Patuakhali road, joining Lebukhali and Patuakhali rivers in the Patuakhali subdivision of the Bakarganj district, is hereby published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on or after the 22nd April 1926, and any objections or suggestions received before that date will be considered :—

5. "Capsules, Codeinæ C. Ext. Cannabis Indica."
6. "Syrupus Codeinæ Phosphatis."
7. "Linctus codeinæ."

14. Codeina and preparations and salts thereof, provided that they do not contain more than one-fifth per cent. of morphine.

*No. 1605Ex.—The 29th March 1926.*—In exercise of the powers conferred by sub-sections (*1*) and (*3*) of section 14 of the Bengal Excise Act, 1909 (Bengal Act V of 1909), the Governor in Council is pleased—

24-Parganas.

(*1*) to direct that with effect from 1st April 1926 in the following areas, viz. :—

(*a*) the whole of the Calcutta district ;

(*b*) the following areas of the 24-Parganas district :—

(*i*) the whole of Barrackpore subdivision ;

(*ii*) the whole of Sadar subdivision, excluding Jaynagar and Canning thanas ;

(*iii*) Baraset and Rajarhat thanas of Baraset subdivision ; and

(*iv*) Falta and Mograhat thanas of Diamond Harbour subdivision,

no tari-producing tree shall be tapped, and no tari shall be drawn from any tree, except under the authority and subject to the terms and conditions of a license granted in that behalf by the Collector, and

(*2*) to declare that in the said area sub-section (*1*) of section 14 shall not apply to trees tapped or tari drawn under such special conditions as the Excise Commissioner may prescribe.

*No. 1606Ex.—The 29th March 1926.*—In exercise of the powers conferred by clause (*g*) of sub-section (*2*) of section 7 of the Bengal Excise Act, 1909 (Bengal Act V of 1909), the Governor in Council is pleased to direct that the following amendments shall be made in Notification No. 596S.R., dated the 30th March 1915, published on pages 562 to 578, Part I of the *Calcutta Gazette* of the 31st idem, namely :—

(1) *After* item (*c*) of paragraph 16 of the said notification *add* the following new item :—

"(*cc*) section 12, sub section (*2*) (power to grant passes for the transport of any excisable article)—in respect of the grant of passes for the transport of fermented *tari* from the foot of trees tapped to a licensed retail shop thereof in local areas specified from time to time by notifications under section 14—to any officer of the Excise Department, not below the rank of Sub-Inspector".

(2) *For* item (*e*) of the said paragraph *substitute* the following :—

"(*e*) section 13, clause (*a*) (power to grant licenses for the manufacture of an excisable article)—in respect of licenses for the manufacture of fermented *tari* in local areas specified from time to time by notifications under section 14—to any officer of the Excise Department, not below the rank of Sub-Inspector".

*No. 1607Ex.—The 29th March 1926.*—In exercise of the powers conferred by section 86 of the Bengal Excise Act, 1909 (Bengal Act V of 1909), the Governor in Council is pleased to direct that the following rules for regulating the manufacture and supply of fermented *tari* in local areas specified from time to time by Notifications under section 14 of the said Act be substituted for the rules published under Notification No. 2450 S.R., dated the 30th August 1918, on pages 1248-1249, Part I of the *Calcutta Gazette* of the 4th September 1918, namely :—

*Rules.*

1. (*1*) Tree-tapping license may be issued by the Collector on the application—

(*a*) of persons licensed to sell *tari* by retail ;

(*b*) of tappers, provided that such application is accompanied by an application for a pass for the transport of *tari* drawn to some particular shop and the latter application is countersigned or acknowledged to be correct by the shopkeeper to whose shop the *tari* is to be taken ;

(*c*) of tree-owners (for not more than three trees at a time up to a maximum of six for the whole year) or the drawing of *tari* required for domestic consumption and not for sale.

(2) Such licenses may be issued –

(*i*) in cases (*a*) and (*c*), in the name of the applicant himself or of his nominee ;

(*ii*) in case (*b*) in the name of the applicant only.

(3) The Collector may empower selected licensed vendors of excise and opium shops, other than licensed vendors of retail *tari* shops, to distribute such licenses, duly signed by the Superintendent of Excise, in case (*c*).

2. Every person applying for the grant of a license under these rules shall be responsible to Government for all sums payable as fees in respect of the trees for the tapping of which the license is required.

3. A fee of Rs. 3 shall be payable on account of each palmyra or cocoanut tree and a fee of Rs. 2 for each date tree for the tapping of which a license is applied for.

For the above two different rates of tree-tax, excise metal discs of two different kinds (one kind for trees on which a fee of Rs. 3 each is payable and the other kind for trees on which a fee of Rs. 2 each is payable) will be issued. They will be required to be affixed one on each tree as a proof of payment of fees due to Government for their tapping. Their size and other particulars will be prescribed, from time to time, by executive instructions.

The discs will be given free to applicants when supplied by Excise officers duly empowered to issue tree-tapping licenses, but if such discs are taken from a duly empowerd selected vendor by an applicant for domestic consumption to suit his convenience, a commission of annas two per disc, irrespective of the kind of the disc, shall be payable to such vendor by such applicant.

4. Any person wishing to apply for a tree-tapping license shall pay in advance the fees payable in respect of the tree which he desires to tap, except in case of applicants under clause (*a*) of sub-rule (*1*) of rule 1, in which case the fees shall be payable in such instalments as may be fixed by the Collector.

5. The fees may be paid into the district treasury or a sub-treasury by chalan, or by money-order to the Collector, or in cash to persons authorized to issue or distribute tree-tapping licenses. The commission payable to selected vendors by domestic consumers shall be paid in cash at the time of taking delivery of the excise discs.

6. Applications for the grant of tree-tapping licenses shall be made in the prescribed form to the persons authorised to issue or distribute the licenses. Forms may be obtained free of charge from the district or subdivisional office or from the Inspectors or Sub-Inspectors of Excise or from selected vendors authorised to distribute licenses for domestic consumption. The applications are to be presented personally.

7. Every person desiring to take a tree-tapping license, who has paid his fees by a chalan or money-order into a treasury, shall apply for the license, with the chalan or money-order receipt, as the case may be, within three days after such payment in the case of licensed vendors or their tappers and within one week in the case of appl cants for licenses for domestic consumption.

8. On receipt of an application the persons authorised to issue or distribute tree-tapping licenses shall at once, unless there is any special reason to the contrary, take steps for the issue of the excise metal discs, according to the nature and number of trees applied for and for the issue of the license and the transport pass where necessary. The applicant, after receipt of the metal discs, shall arrange to mark the trees by affixing the metal discs thereon. If he fails to do so without any reasonable cause within seven days after the receipt of the discs, the license issued to him will be liable to cancellation under the orders of the Collector or the Superintendent of Excise.

9. The licensee shall level the surface of the tree where the disc is to be affixed before he affixes the disc to it, and he shall not remove it from that place to any other place on the tree, nor shall he transfer it to any other tree. If a tree is licensed in a subsequent year, the new disc issued for that year shall be affixed to the right of, and alongside, the previous disc.

10. No *tari* shall be drawn from any tree until the tree has been marked with an excise metal disc as provided in rules 8 and 9 above.

11. The Collector may, from time to time, prescribe the minimum number of trees to be taken by retail vendors during the year. He may also direct that the trees situated in one mauza only shall be included in an application.

12. Tree-tapping licenses shall be in force from the 1st October or any subsequent date to the 30th September immediately following.

13. Applications shall be received from 1st September, but the preparation of spathes shall not be permitted before 15th September, nor shall pots be attached to trees before the evening of the 30th September. In the case of date trees the process of preparation may be allowed from the 15th September, but the incision required for the insertion of the drip leaves shall not be allowed before the evening of the 30th September. In no case shall *tari* be drawn except during the currency of the license.

14. All *tari* drawn under tree-tapping licenses shall, as soon as the pots containing it are removed from the trees, be immediately conveyed direct under a transport pass, to be granted free of charge by the Sub-Inspector of Excise, in the case of licenses granted on applications made under clause (*a*) or (*b*) of sub-rule (1) of rule 1, to a licensed *tari* shop. If a tapper desires to change the shop to which *tari* is to be taken the pass will be altered on application, duly countersigned or acknowledged to be correct by the licensee of the new shop and on pre-payment in cash of two annas in addition to the court-fee stamp of two annas to be affixed to the application.

15. No *tari* drawn under these rules shall be sold except to a licensed retail vendor of *tari* or at a regularly licensed shop. Tree-foot sales or sales in the open are absolutely prohibited.

16. Unless the Excise Commissioner otherwise directs in any local area, no *tari* shall be drawn or kept between sunset and sunrise by a person holding a license granted under these rules in the garden or field in which the trees which he is licensed to tap stand, except the *tari* contained in the pots attached to the trees.

17. No person holding a license under these rules shall employ or permit to be employed as a tapper or carrier any person who has been convicted of a non-bailable offence or of an offence under the Excise or Opium laws, except with the written permission of the Collector.

18. No officer of the Excise Department below the rank of Superintendent, who may be empowered by the Collector to grant tree-tapping licenses, under the provision laid down in paragraph 16 (*e*) of notification No. 596 S R., dated the 30th March 1915, as subsequently amended, shall have any power of cancellation of such licenses under section 42 of the Bengal Excise Act, 1909. The power of cancelling such licenses shall lie with the Collector or the Superintendent of Excise.

### NOTIFICATION.

*No. 2 T.-B.—The 10th March 1926.*—The following list of text-books approved for use in all classes of maktabs *offering Urdu as Vernacular* in this Presidency for the year 1926, is published for information.

E. F. OATEN,

*Director of Public Instruction, Bengal.*

#### Introductory notes.

1. Any vernacular, *e.g.*, Urdu, may be substituted for Bengali where the controlling authorities of the school consider that circumstances justify it.

2. The compulsory subjects in all schools (maktabs) will be the following :—

(*a*) Reading,
(*b*) Writing,
(*c*) Arithmetic,
(*d*) Geography,
(*e*) History,
(*f*) Hygiene (for boys) or Hygiene and Domestic Economy (for girls),
(*g*) Observation lessons for boys, or needle work for girls,
(*h*) Koran, Ritual* of Islam and Urdu.

The scholarship examination will be held on the first six subjects only.

3. For the Primary Final Examination any two of the following optional subjects should be taken :—

(*a*) Manual work,
(*b*) English, and
(*c*) Zamindari and Mahajani accounts.

4. The course will be completed in five years and pupils at the completion of the course will take the Primary Final Examination.

5. Class IV of a school or maktab will correspond to the present class III of a high or a middle English school. A boy from a school or maktab intending to enter a high or a middle English school should leave at the end of class III.

6. In selecting text-books for maktabs preference should be given to those by Moslem authors.

NOTE.—District Boards in charge of primary education are authorised to select text-books from the approved list. The boards may select from the list approved by the Department a small number of text-books for use in both board and aided primary schools and maktabs under their control, care being taken to discourage anything in the shape of exclusive prescription and to secure that selection is made with the utmost care so as to avoid undue patronage. Inspecting officer should refrain from recommending any books to the teachers of primary schools and maktabs for selection and, in giving advice to District Boards in the matter of selection of text-books, should bear in mind that the system of exclusive prescription is to be discouraged.

## EDUCATION DEPARTMENT, BENGAL.

### NOTIFICATION.

**Post-Graduate Research Scholarships to be awarded in 1926.**

THREE Post-Graduate Scholarships will be awarded for the encouragement of original research to candidates who have high and special qualifications and appear to be likely to conduct original research with success. The value of each scholarship is Rs. 100 a month, and each is tenable for a maximum period of three years.

2. Ordinarily one scholarship will be awarded annually to a student who proposes to carry on original research in scientific subjects, including such branches as natural and physical science, chemistry, mathematical science, etc., and another scholarship will similarly be awarded for research in literary subjects, including such branches as languages, comparative philology, palæography, epigraphy, philosophy, history, archæology, anthropology, etc., and the third scholarship will be awarded for research either in scientific or in literary subjects. No application for a research scholarship will be considered unless a candidate submits certificates showing that he has the capacity for undertaking the research proposed and a programme of work indicating a definite course of enquiry.

3. Election will be made in the first instance for one year only, with effect from 1st July 1926, but a scholarship may be renewed from year to year, up to the limit of three years, provided the scholar has throughout the year vigorously prosecuted original research in the subject selected by him.

4. Each candidate for a scholarship should submit his application, through the head of the institution in which he last studied, to the Director of Public Instruction, Bengal, on or before 10th May next, and must produce evidence of having passed from a college or other institution in Bengal the M. A. or M. Sc. Examination of the Calcutta or Dacca University or of having obtained some other equivalent or higher degree of either of these Universities in 1923 or 1924 or 1925. He must state as definitely as possible the subject or part of a subject in which he intends, if elected to a scholarship, to carry on his original investigation. He must also state the name of the institution in which he proposes to work, with evidence that the authorities of the institution are able and willing to provide facilities for him, or if no institution is mentioned, the circumstances or conditions under which he proposes to work should be stated.

5. Applications for this year's scholarships should be submitted in prescribed forms which are obtainable from the Personal Assistant to the Director of Public Instruction, Bengal, Writers' Buildings, Calcutta.

## LAND SALE NOTICE.

### Advertisement of Sale.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the Eastern Bengal Railway, in the district of Rajshahi, will be put up to sale at 12 o'clock on the 7th April 1926, corresponding with the 24th Chaitra 1332 B. S., at the office of the Subdivisional Officer of Nator.

The purchasers of the several plots of land will be subject to the following conditions :—

*1st.*—The purchasers will have no power to make any excavations on the land nearer than fifteen feet from the railway boundary, or to plough the land nearer than three feet from the same.

*2nd.*—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

*3rd.*—If the amount of purchase-money exceeds Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement as in the case of original sale.

*4th.*—The tenants' rights of the plots of land will be sold subject to the payment of annual rents of annas 3 and 1 pie per bigha to the proprietors (which will be subject to revision at the next general settlement of the temporarily-settled estates of the district) to the highest bidders.

*5th.*—The sale will become final on receipt by the Collector of the orders of the Commissioner confirming it, and a regular conveyance will then be granted to the purchaser.

### GOVERNMENT OF BENGAL.

#### LEGISLATIVE DEPARTMENT.

NOTIFICATION.

*No. 1316L., dated Calcutta, the 25th March, 1926.*—The following Report of the Select Committee on the Howrah Bridge Bill, 1926, with the Bill as amended by the Committee, is hereby published for general information :—

## REPORT OF THE SELECT COMMITTEE ON THE HOWRAH BRIDGE BILL, 1926.

We, the members of the Select Committee appointed to consider the Bill to provide for the construction, maintenance and control of a new bridge across the river Hooghly between Calcutta and Howrah beg to submit this, our report, with the Bill, as amended by us, annexed hereto.

Papers Nos. 1 to 12 relating to the Bill have also been considered by us. In reprinting the Bill, all changes made by us have, as far as possible, been underlined.

2. The more important changes we have made in the Bill are as follows :—

*Clause 1A.*—This new clause supplies a necessary omission and provides for the repeal of the existing Howrah Bridge Act, 1871, and for the vesting of the property and money relating to the existing bridge in the new Commissioners in trust.

*Clause 3.*—The Board of Trustees for the Improvement of Calcutta expressed their unwillingness to accept the responsibility for the construction and maintenance of the Howrah Bridge. On our conclusions regarding the bridge this authority would also be unsuitable, and inasmuch as by the character of the bridge proposed the general working of the river and port will be affected, we consider that as at present the Commissioners for the Port of Calcutta should be the authority in whom the bridge will be vested.

It was maintained that this proposal would work both for efficiency and economy.

*Clause 4.*—This clause has been re-drafted so as to make the fixing of the design and materials subject merely to the approval and not, as before, to the direction of the Local Government, leaving the site of the new bridge and its approaches to be decided on by the Local Government. Provision has also been made in this clause and in clauses 6 and 22 to cover the dismantling and removal of the existing bridge.

*Clause 6.*—*See* remarks against clause 4.

*Clause 7.*—We have omitted this clause as being unnecessary. Any necessary acquisition of land may be made by Government under its existing powers.

*Clause 8.*—This is the most important clause of the Bill. It has a bearing, by the taxation it imposes, on the type of bridge to be built. Sub-clauses (*iii*), (*iv*) and (*v*) of the original Bill involved the taxation of imperial sources of revenue, and the Committee understand that the Government of India assented to their inclusion in the present Bill on condition that the bridge that would be constructed will be of the cantilever type (estimated to cost Rs. 6 crores), reserving the right to reconsider the proposals in the event of a cheaper type of bridge being decided on. It is the opinion of the Committee that Bengal is not justified in expending the huge sum of 6 crores on a bridge across the Hooghly, and before we proceeded with the examination of the clauses of the Bill we came to the conclusion that the bridge should be of the cheapest possible type. We were given to understand that a sum of £1,250,000 would be required for a bridge adequate to the requirements of traffic, such as we contemplate, and, assuming that a loan for this amount could be raised with a currency of 40 years, that the annual charges on this account would be Rs. 12 lakhs per annum, *plus* the charges of maintenance, estimated in this type of bridge at Rs. 3 lakhs per annum. The amendments we have made in the Bill are in accordance with that conclusion.

Considering that the municipalities of Calcutta and Howrah are already committed to heavy expenditure in the near future on essential improvements, we are of opinion that the full taxation imposed by the Bill would cripple their activities, and we have therefore reduced the tax in Calcutta and neighbouring municipalities from one *per cent.* to one quarter *per cent.*

Sub-clauses (*iii*) and (*iv*) as they appear in the Bill as amended by us, represent the existing taxation for the purposes of the Howrah Bridge, that is the taxation imposed by section 4 of the Howrah Bridge Act, 1871 (Ben. Act IX of 1871). The Government of India are not, we understand, prepared to agree to any taxation, over and above that which now subsists, towards the cost of a bridge of the type contemplated, which, in their opinion, should be found by the local interests concerned

*Clause 9.*—The amendments made in this clause are purely consequential.

*Clause 10.*—The omission of this clause is consequential upon the amendments to clause 8 (*iii*).

*Clause 11.*—We have made this clause quite general. We have also provided that the power given by sub-clause (*1*) is to be exercised by the Commissioners subject to the approval of the Local Government and that the matters mentioned in sub-clause (*2*) are to be arranged between the Commissioners and the person authorised subject to a reference to the Local Government in case of a disagreement.

*Clause 13.*—We have made it clear that in varying the rates of the taxes, the Local Government shall be bound by the maximum rates and other conditions provided in clause 8.

*Clause 16.*—The amendments made in this clause are purely consequential on the change of the authority in regard to the bridge from the Board of Trustees for the Improvement of Calcutta to the Commissioners for the Port of Calcutta.

*Clause 17.*- The provisions of this clause have been extended to the Commissioners for the Port of Calcutta.

Further, as the Board of Trustees for the Improvement of Calcutta have gone out of the Bill, it is unadvisable to refer to section 106 of the Calcutta Improvement Act, 1911, and we have altered the reference to the latest law on the subject, viz., section 118 of the Calcutta Municipal Act, 1923.

*Clause 20.*—Old sub-clause (*2*) (*b*) has been omitted consequent on the decision to omit clause 10.

We have inserted a new sub-clause (*2*) (*b*) to provide for rules for the auditing of the accounts under clause 15.

*Clause 22.*—We have supplied a necessary omission in this clause indemnifying the authorities against any loss or injury caused by the dismantling or removal of the existing bridge and its approaches.

*Clause 24.*—Items (*1*) and (*2*) in this clause have been omitted as being consequential on the omission of clause 10.

*Clause 25.*—The omission of this clause is consequential on the omission of the schedules.

*The Schedule.*- The first and second Schedules have been omitted consequent on the alterations made in sub-clauses (*iii*) and (*iv*) of clause 8.

3. The Bill was published in accordance with rule 18 of the Bengal Legislative Council Rules, 1920, in the *Calcutta Gazette* of the 11th June 1924.

4. We consider that the Bill has not been so altered as to require republication.

5. We recommend that the Bill, as amended by us, be passed.

**Joint Minute of Dissent by the Hon'ble Mr. J. Donald, C.S.I., C.I.E., and Messrs. J. A. Woodhead, I.C.S., and H. C. Liddell, I.C.S.**

I regret that I have to differ from the conclusions of the Select Committee in regard to the amendments made by them in clause 8 of the Bill. I do so for two reasons: firstly, because it seems to be doubtful whether from the revenue derived from the sources mentioned in that clause a bridge can be built which will suffice even for present-day traffic, and, secondly, because it distributes the burden of payment unequally between the residents of Calcutta and residents of the mufassal and outside areas and favours the former very greatly at the expense of the latter. As is stated in the remarks on clause 8, an annual charge of Rs. 15 lakhs was considered the amount necessary to provide and maintain the cheapest possible bridge considered adequate to meet the requirements of traffic. The taxation leviable under clause 8, as amended, together with the contribution of the Local Government payable under clause 12, will produce a sum estimated at about Rs. 13½ lakhs. It is doubtful whether even this amount will actually be realised, for it is strongly asserted that the fares on the ferry service of the Port Commissioners are incapable of enhancement, and that the imposition of any tax over and above the present fares would result in so material a diminution of the receipts from the ferry service as to render the discontinuance of that service more than likely. It is possible that, with cheaper money and on tenders being called for, the sum available may prove sufficient to provide a bridge suitable for present-day conditions, but it will be impossible to provide by such bridge for possible future developments. I prefer, however, that a really adequate sum be provided in the first instance, and should the full effect of clause 8 be to give a sum larger than is necessary, that a subsequent adjustment of taxation be made under the powers conferred by clause 13. This is better than legislating for a sum which may prove insufficient and may entail subsequent legislation to make up the deficiency.

The second consideration is more important. By the taxation imposed under sub-clauses (*i*) and (*ii*) of clause 8, the residents of Calcutta would contribute annually Rs. 2 lakhs and those of Howrah and other municipalities a sum of Rs. 25,000 towards the construction of a bridge which is so vital to their interests as against a charge on the Province as a whole of Rs. 5 lakhs and a tax on goods and passengers arriving in Howrah from all quarters even from outside Bengal of nearly Rs. 4 lakhs. This is a most inadequate contribution from the city of Calcutta for the prosperity of which a bridge has been and always will be a necessity, and from Howrah which would suffer greatly in the absence of a bridge. The proposal that these two cities which largely depend on the existence of a bridge should pay only twice as much as ferry passengers to whom the bridge renders no service is unjustifiable. I attach little weight to the argument that these cities are committed to heavy expenditure on essential improvements and cannot therefore pay more for a bridge. I have seen little tendency towards any increase in municipal taxation in order to make any such essential improvements, and in any case a new Howrah Bridge is more than an essential—it is an inevitable necessity. Calcutta can well afford to pay more than one-quarter per cent. now included in the Bill. In my opinion the share of Calcutta and Howrah in the expenditure can be more appropriately represented by a rate of one per cent. as provided in the original Bill. And equally appropriately the contribution from provincial revenues should bear some reduction.

**Joint Minute of Dissent by Babu Naliniranjan Sarker, Dr. Bidhan Chandra Roy, Babu Taraknath Mukerjea and Babu Nirmal Chandra Chunder.**

We beg to sign the report subject to the following note of dissent:—

We are not satisfied with the provision made under clause 3 for placing the duties of carrying out the provisions of the Act on the Commissioners

for the Port of Calcutta, the constitution of which is not sufficiently representative of the different interests of corporations who are contributing towards the cost of construction and maintenance of the new Howrah Bridge. Moreover, it will cast an additional responsibility on the Commissioners of the Port Trust who are already burdened with multifarious duties as contemplated in the Calcutta Port Act.

The creation of a new body for the purpose of carrying out the specific duties of construction and maintenance of the Howrah Bridge, would, in our opinion, contribute to greater efficiency of the work both in regard to cost and expedition.

We suggest, therefore, that a new body consisting of fourteen Commissioners be created as follows for the purpose :—

| | | |
|---|---|---|
| (1) From the Calcutta Corporation | ... | 3 |
| (2) From the suburban municipalities | ... | 1 |
| (3) From the Calcutta Port Trust | ... | 1 |
| (4) From the Calcutta Improvement Trust | ... | 1 |
| (5) From the Bengal National Chamber of Commerce | ... | 2 |
| (6) From the Mahajan Sabha | ... | 1 |
| (7) From the Bengal Chamber of Commerce | ... | 2 |
| (8) Nominated by Government | ... | 3 |

The present receipts of the Howrah Bridge comprise the terminal tax of 2 pies on every maund of goods conveyed on the East Indian Railway and a tax of 3 pies on every passenger of that railway brought to or taken from the Howrah Station and subsequently the Bengal Nagpur Railway authorities also have agreed to pay a lump sum of Rs. 26,000 per annum towards the upkeep of this bridge. It will be observed that at the time the Howrah Bridge Act was passed in 1871 the Bengal Nagpur Railway was not in existence. In the present Bill the Bengal Nagpur Railway has been exempted even from their annual contribution. As both the Bengal Nagpur Railway and the East Indian Railway are users of the bridge why should a company-managed railway be exempted from this legitimate tax when the State railway has to pay the same? The goods and passengers coming to Calcutta by the East Indian Railway will have to pay the terminal tax, while those coming by the Bengal Nagpur Railway will be exempted. It puts a premium on travelling by a non-State railway which, in our opinion, is bad in principle. We do not know if the Government of Bengal has sufficiently tried to induce the Government of India to agree to the imposition of the terminal tax on the Bengal Nagpur Railway so as to embody a like provision in clause 8. The number of passengers carried by the Bengal Nagpur Railway and who used the Howrah Bridge in the year 1924-25 was 5,596,032 and the maundage of goods brought by the Bengal Nagpur Railway during the same year and carried over the bridge was 837,345 maunds. If the terminal taxes were levied on Bengal Nagpur Railway goods and passengers also at the same rate leviable with regard to East Indian Railway the income from this source would be about Rs. 2 lakhs per annum. Some of the members of the Committee urged that the tax on the rate-payers of Calcutta should be ¼ per cent. on the annual valuation and not ¼ per cent. as was accepted by the majority as in that event the proposed income from all the sources may fall short of Rs. 15 lakhs which has been estimated to be the annual amount necessary for the construction and maintenance of the Howrah Bridge. We, therefore, urge that the goods and passengers of the Bengal Nagpur Railway should on grounds of equity and justice also be included under clause 8 of the Bill in the same way as the East Indian Railway.

We, therefore, recommend that the Bill should be passed after embodying clauses to give effect to the above suggestions as also other consequential changes.

## Minute of Dissent by Babu Khagendra Nath Ganguly, M.L.C.

In clause 3, sub-clause (*3*) the following words " and five representatives from the Corporation of Calcutta, three from the Howrah Municipality and one each from Tollygunge and South Suburban Municipalities " be inserted between the words " being " and " shall ". My object is to allow representatives of those interests which will contribute towards the fund of the Howrah Bridge to have a voice in the affairs of the bridge.

In clause 8, sub-clause (*ii*) in place of " one-quarter " the words " one-eighth " be substituted. My object in trying to reduce the rate of taxation in the case of mufassal municipalities is to relieve Howrah to some extent. The incidence of taxation in Howrah is already enormously high and the advent of the Improvement Trust will add another burden. These new taxes are bound to cripple the activities of Howrah in the matter of urgent essential improvements.

In clause 17 after the words " thereof " and before the word " and " in line 8, the words " after allowing the Port Commissioners or the Municipal Commissioners as the case may be, an opportunity of explaining, the reasons for the failure " be inserted. This modification is suggested on the fundamental principle that no person or body corporate should be condemned unheard.

## Minute of Dissent by Maulvi Wahed Hossain, M.L.C.

I beg to sign the report subject to the following note of dissent :—

I am not satisfied with the provision made under clause 3 for placing the duties of carrying out the provisions of the Act on the Commissioners for the Port of Calcutta. the constitution of which is not sufficiently representative of the different interests of Corporation which are contributing towards the cost of construction and maintenance of the new Howrah Bridge. I further beg to point out that the proposed penalty for infringement of by-law in clause 22 seems to be excessive. The amounts of Rs. 100 and Rs. 50 should be reduced to half respectively.

Furthermore, the amount of penalties for offences mentioned in clause 24 appears to be very harsh. The fine proposed in item No. (*3*) attached to clause 24 should be reduced to Rs. 200 and that in No. (*4*) to Rs. 20.

I, therefore, beg to suggest that the Bill should be considered in the light of observations I have made and passed after embodying clauses to give effect to the above suggestions as also other consequential changes.

**Joint Minute of Dissent by Messrs. Kenneth Campbell and J. F. Snaith.**

It is a matter of regret that we are unable to accept all the proposals put forward by the Select Committee. The taxation scheme supported by the Committee will not presumably yield more than Rs. 13¼ lakhs yearly; and if, as is apprehended, the tax on the Port Commissioners ferry steamers should prove to be impracticable the annual yield will be reduced to Rs. 12¼ lakhs. It is admitted in the remarks on clause 8 that Rs. 15 lakhs yearly will be required; and it would seem therefore to be a shortsighted policy to legislate for anything less than that sum.

2. Furthermore, the scheme does not in our opinion fairly distribute the burden of the taxation to be imposed. After all, the people of Calcutta, Howrah and the other municipalities must of necessity derive vastly more benefit from the bridge than the people of the province generally. In fact the bridge is an imperative necessity for Calcutta and Howrah. It cannot be right, therefore, that the municipalities should contribute only Rs. 2¼ lakhs and the province as a whole more than double that amount. We entirely agree that the local Government, that is to say, the province, should make a substantial contribution. But this ought obviously to be less and not more than the contribution of the municipalities. It is also in our view unwise to legislate for a tax on the ferry service if there is doubt as to whether such a tax is realisable.

3 As will be inferred from the foregoing, we would increase the contribution payable by the municipalities and reduce the contribution payable by the local Government A municipal tax of one per cent. would yield more than is required; and it would be sufficient if a tax of "not more than ¾ per cent." were levied on the rateable value. This might also be subject to a maximum of about Rs. 6 lakhs yearly. The contribution from the provincial Government could be thus reduced to Rs. 4 lakhs; the tax on the ferry service would not be wanted; and a sum of Rs. 15 lakhs yearly would be raised. The scheme would be as follows :—

| | | |
|---|---|---|
| (*a*) Calcutta, Howrah and other municipalities at ¾ per cent. | ... | Rs. 6 lakhs. |
| (*b*) Government of Bengal | ... | Rs. 4 lakhs. |
| (*c*) Railways (goods and passengers) | ... | Rs. 4 lakhs. |
| (*d*) Vehicles | ... | Rs. 1 lakh. |
| | | Rs 15 lakhs. |

4 In the event of it proving to be the case that an annual sum of less than Rs 15 lakhs would be sufficient then (*a*) and (*b*) might be reduced proportionately.

5 Under existing taxation coal and salt are exempted from paying the two pies per maund as provided for in clause 8 (*3*) of the Amended Bill and we recommend that both these articles should continue to be exempted.

6. We have said nothing of a contribution by the Imperial Government We would not like it to be thought that we are therefore of the opinion that such a contribution ought not to be forthcoming. In our view the bridge may be rightly regarded as an approach to the two great railway systems that have their termini at Howrah. These railways were unable to cross the river and the bridge makes them accessible. It was not unreasonable therefore for Calcutta to expect that the Central Government, as the owner of the railways, should contribute.

## Minute of Dissent by Babu Surendra Nath Ray, M.L.C.

I protest against the proposed levy under clause 8 (*ii*) of the ¼ per cent on the annual rateable value of holdings situated within the South Suburban Municipality and Tollygunge Municipality under section 96 of the Bengal Municipal Act, 1884, for the proposed Howrah Bridge I have already stated in full in my opinion given as Chairman of the South Suburban Municipality and which has been printed and circulated among the members of the Council my reasons why there should not be any additional taxes on these municipalities for the bridge The nearest point of the South Suburban Municipality from the Howrah Bridge is 7 miles, while Tollygunge is about 8 miles distant and the longest distance would be about 12 miles from the bridge while Baranagore is only 4 miles, Kamarhatty 5 miles and South Dum-Dum 5 miles from the Howrah Bridge. There is very little to show that South Suburban and Tollygunge municipalities will derive such benefit from the Howrah Bridge more than any other suburban municipalities near Calcutta such as those noted above as would entitle the Government to impose an additional tax upon the rate-payers of these places. It would neither be just nor equitable to impose an additional burden upon a body without giving it some benefit.

# THE HOWRAH BRIDGE BILL, 1926;

*(as amended by the Select Committee.)*

## A

## BILL

*to provide for the construction, maintenance and control of a new bridge across the river Hooghly between Calcutta and Howrah.*

Preamble.

WHEREAS it is expedient that a new bridge across the river Hooghly between Calcutta and Howrah be constructed and maintained;

And whereas the previous sanction of the Governor General under sub-section (*3*) of section 80A of the Government of India Act has been obtained to the passing of this Act; 5 & 6, Geo. V, c. 61; 6 & 7, Geo. V, c. 37; 9 & 10, Geo. V, c. 101.

It is hereby enacted as follows:—

Short title and commencement.

**1.** (*1*) This Act may be called the Howrah Bridge Act, 1926.

(*2*) It shall come into force on such date as the Local Government may, by notification, direct.

Repeal of Ben. Act IX of 1871.

**1A.** (*1*) The Howrah Bridge Act, 1871, shall be repealed on and from such date as the Local Government may, by notification, specify in this behalf; but this repeal shall not affect the past operation of that Act, or anything done or suffered, or any right, privilege, obligation or liability acquired, accrued or incurred thereunder. Ben. Act IX of 1871.

Property and moneys of existing Bridge to vest in the Commissioners in trust

(*2*) All properties, funds and dues which on the said date are vested in the Commissioners for the Port of Calcutta in trust for the purposes of the Howrah Bridge Act, 1871, shall from such date vest in them as the Commissioners under this Act in trust for the purposes of this Act.

(*3*) All contracts and liabilities which on the said date have been made or incurred by the Commissioners for the Port of Calcutta for the purposes of the Howrah Bridge Act, 1871, may, so far as they are outstanding on such date, be enforced by and against them as the Commissioners under this Act.

(*4*) All suits and other legal proceedings instituted before the said date by or against the Commissioners for the Port of Calcutta under the Howrah Bridge Act, 1871, may be continued by or against them as the Commissioners under this Act.

Definitions.

**2.** In this Act, unless there is anything repugnant in the subject or context,—

(*1*) "Calcutta" has the same meaning as in clause (*11*) of section 3 of the Calcutta Municipal Act, 1923; Ben. Act III of 1923

(*2*) "the Commissioners" means the Commissioners for the new Howrah Bridge, hereinafter incorporated under the provisions of section 3;

(*3*) "notification" means a notification published in the *Calcutta Gazette*;

*(Clauses 3—7.)*

(*4*) " the existing bridge " means the floating bridge across the river Hooghly, the construction of which was authorised by the Howrah Bridge Act, 1871; and Ben. Act IX of 1871.

(*5*) " year " means a financial year.

Provisions of Act to be carried out by body of Commissioners.

**3.** (*1*) The duty of carrying out the provisions of this Act shall, subject to such conditions and limitations as are hereinafter contained, be vested in a body of Commissioners to be called " the Commissioners for the new Howrah Bridge."

(*2*) Such body shall be a body corporate and have perpetual succession and a common seal, and shall by its corporate name sue and be sued.

(*3*) The Commissioners for the Port of Calcutta for the time being shall be the Commissioners for the new Howrah Bridge.

(*4*) (Omitted.)

(*5*) The Commissioners shall be entitled to receive such fees for the performance of their duties under this Act as the Local Government may, by rule, prescribe. Such fees shall be paid from the new Howrah Bridge Trust Fund created by this Act.

Power to remove existing bridge and to construct a new bridge.

**4.** Subject to the approval of the Local Government, the Commissioners shall have power to dismantle and remove the existing bridge and its approaches and to cause a new bridge to be constructed across the said river between Calcutta and Howrah of such design, and of such materials of such quality, as the Commissioners consider suitable, at such place and with such approaches to the new bridge as the Local Government may think fit; and the Commissioners shall have power to cause the new bridge and its approaches to be maintained and controlled.

Power to Commissioners to raise loan.

**5.** (*1*) The Commissioners shall have power from time to time to borrow any sum necessary, at such rate of interest, and for such period, and upon such terms as to the time and method of repayment, and on such other terms and conditions, as the Local Government may approve, for the purpose of the construction of the new bridge and its approaches:

Provided that no loan exceeding in amount twenty-five lakhs of rupees shall be taken by the Commissioners, unless the terms including the date of flotation of such loan have been approved by the Government of India.

(*2*) The Local Government shall have power to guarantee the service and repayment of any loan raised under the provisions of sub-section (*1*) or any part of such loan.

Power to Local Government to order Commissioners to undertake work of dismantling existing bridge and of constructing and maintaining new bridge

**6.** (*1*) The Local Government may, by notification, order the Commissioners to raise the loan or loans referred to in section 5 and to undertake and to complete within such period as the Local Government may fix, the dismantling and removal of the existing bridge and its approaches and the construction of the new bridge and its approaches and thereafter to undertake the maintenance and control of the new bridge and its approaches, and the Commissioners shall comply with the said order.

(*2*) The Local Government may, by notification, for reasons to be recorded therein, extend the period fixed under the provisions of sub-section (*1*).

**7.** (Omitted.)

*(Clauses 8, 9.)*

Power to levy taxes

**8.** It shall be lawful for the Local Government at any time after the commencement of this Act, to cause to be levied for the purposes of this Act all or any of the following taxes:—

(*i*) a tax of not more than one quarter *per cent.* on the annual valuation of all lands and buildings in Calcutta as determined by the Corporation of Calcutta under Chapter X of the Calcutta Municipal Act, 1923; Ben. Act III of 1923.

(*ii*) a tax of not more than one quarter *per cent.* on the annual rateable value of holdings situated within the municipalities of Howrah and Tollygunge and within the South Suburban municipality as determined by the Municipal Commissioners, under section 96 of the Bengal Municipal Act, 1884; Ben. Act III of 1884.

(*iii*) a tax of two pies on every maund of goods conveyed on the East Indian Railway into or from Howrah Station;

(*iv*) a tax of three pies on every passenger on that railway brought to or taken from the said station;

Provided that the said tax may in the case of passengers taking suburban season tickets be calculated at the rate of six annas each *per mensem* for each such ticket or at such lower rate as the Local Government may, by notification, prescribe;

(*v*) (omitted);

(*vi*) a tax at the rate of six pies in the case of a first class passenger, and at the rate of three pies in the case of a second class passenger travelling by the ferry service established by the Commissioners for the Port of Calcutta under the provisions of clause (*7a*) of section 35 of the Calcutta Port Act, 1890, in respect of each single journey so made by him, the fare of which is one anna or more; and Ben. Act III of 1890

(*vii*) a tax on all or any classes of vehicle within Calcutta and the municipalities named in clause (*ii*) after consideration of the views of the Corporation of Calcutta or the Commissioners of the municipality concerned, as the case may be, at such rates as the Local Government may, by notification, prescribe.

Collection of taxes.

**9.** (*1*) The taxes leviable under clauses (*i*) and (*ii*) of section 8 shall be treated as if they were a part of the consolidated rate imposed under section 124 of the Calcutta Municipal Act, 1923, or of the rate leviable under section 85 of the Bengal Municipal Act, 1884, as the case may be, and shall be collected by the Corporation of Calcutta and the Commissioners of the municipalities named in clause (*ii*) of section 8 in the manner provided in the Calcutta Municipal Act, 1923, and the Bengal Municipal Act, 1884, respectively. Ben. Act III of 1923. Ben. Act III of 1884.

(*2*) The tax leviable under clause (*iii*) of section 8 shall be collected on goods imported or exported by rail, by means of a surcharge on freight, by the East Indian Railway.

(*b*) (Omitted.)

*(Clauses 10—13.)*

(*3*) The tax leviable under clause (*iv*) of section 8 shall be collected by means of a surcharge on fares, by the East Indian Railway.

(*4*) (Omitted.)

(*5*) The tax leviable under clause (*vi*) of section 8 shall be collected by means of a surcharge on fares, by the Commissioners for the Port of Calcutta.

(*6*) The tax leviable under clause (*vii*) of section 8 shall be collected by the Corporation of Calcutta and the Commissioners of the municipalities referred to in that clause as if they were taxes and fees levied under sections 165 and 184 of the Calcutta Municipal Act, 1923, or taxes and fees levied under sections 131 and 143 of the Bengal Municipal Act, 1884, as the case may be. Ben. Act III of 1923. Ben. Act III of 1884

(*7*) The taxes collected as prescribed in this section shall be paid direct to the Commissioners by the collecting agency at such times as may be prescribed by the Local Government after making such deduction as the Local Government may approve to meet any expenses incurred in connection with the levy and collection of the said taxes.

**10.** (Omitted.)

Construction of tramway and contribution therefor.

**11.** (*1*) Subject to the approval of the Local Government, the Commissioners may authorise any person to construct, maintain and use a tramway or tramways over the new bridge and its approaches on such terms as the Commissioners may consider suitable.

(*2*) When any person is authorised under sub-section (*1*) to construct, maintain and use a tramway or tramways over the new bridge and its approaches, he shall pay to the Commissioners at such time and in such manner as the Commissioners may, by notification, prescribe, such sum or sums as the Commissioners may, from time to time, require as his contribution for the purposes of sub-section (*1*):

Provided that if any disagreement arises between the Commissioners and such person, in regard to any of the matters referred to in this sub-section, the question shall be determined by the Local Government.

Contribution by Local Government.

**12.** The Local Government shall pay a sum of five lakhs of rupees per annum towards the service and repayment of the loan raised under the provisions of section 5:

Provided that, if the Local Government in accordance with the provisions of section 13 reduce the rate of the taxes leviable under clauses (*i*) and (*ii*) of section 8 or under either of those clauses, they may also reduce the amount of the said contribution by a sum proportionate to the amount by which the total yield of the taxes levied under those two clauses during the year following such reduction is less than the total yield of the said taxes during the preceding year.

Power to Local Government to vary taxes and make exceptions.

**13.** The Local Government may, by notification, subject to the provisions of section 8—

(*i*) vary the rates at which the taxes and other payments leviable under that section are to be paid;

(*ii*) exempt all or any classes of persons on whom, or of vehicles or goods on which, taxes are leviable under that section from payment thereof;

(*iii*) (Omitted):

(*Clauses 14—19.*)

Provided that the Local Government may by notification cancel or modify any order made under this section.

Property and moneys to vest in the Commissioners in trust.

**14.** (*1*) All property, movable and immovable, acquired or in any way otherwise procured for the construction, improvement, maintenance and control of the new bridge and its approaches, and the new bridge and its approaches and all moneys received by the Commissioners under this Act shall vest in the Commissioners in trust for the purposes of this Act.

(*2*) All moneys received by the Commissioners for the purposes of this Act shall form a separate fund which shall be known as the new Howrah Bridge Trust Fund.

(*3*) The Local Government may by rule provide for the payment of moneys into the new Howrah Bridge Trust Fund, for the investment by the Commissioners of moneys received into that fund and for the custody and disbursement of such moneys.

Accounts.

**15.** The Commissioners shall keep such accounts as the Local Government may prescribe of all expenditure in or about the construction or maintenance of the new bridge and its approaches, and of the collection of taxes and contributions in relation to the new bridge, and also of the income derived from taxes and contributions. The accounts shall be examined from time to time by auditors appointed in this behalf by the Local Government.

Estimates of income and expenditure.

**16.** The Commissioners shall for each year prepare an estimate of income to be received and expenditure to be incurred by them in accordance with, and for the purposes of, this Act in the manner set forth in sections 69, 70, 71 and 72 of the Calcutta Port Act, 1890. Ben. Act III of 1890.

Procedure on failure of local authorities to make payment.

**17.** If the Commissioners for the Port of Calcutta or the Corporation of Calcutta or the Commissioners of any of the municipalities named in clause (*ii*) of section 8 fail to make any payment as required by section 9, the Local Government may attach the funds of the Commissioners for the Port of Calcutta or the Municipal Funds, as the case may be, or any of them, or any portion thereof, and the provisions of section 118, sub-section (*2*) of the Calcutta Municipal Act, 1923, shall, with all necessary modifications be deemed to apply. Ben. Act III of 1923.

Recoveries.

**18.** Any sum due to the Commissioners under the provisions of this Act shall be recoverable by the Commissioners in the manner provided for the recovery of a public demand.

Powers in case of default by Commissioners.

**19.** If in the opinion of the Local Government the Commissioners have made default in the performance of their duties under this Act, the Local Government may, by notification, dissolve the body established by section 3 and may, by notification, establish another body of trustees for the purpose of this Act, or take under their own management the construction, maintenance, improvement and control of the new bridge and its approaches and the arrangements for the service and repayment of the loan raised under the provisions of section 5; and thereafter for all the purposes of this Act the powers conferred and duties imposed by this Act upon the Commissioners and all contracts entered into or liabilities incurred by the Commissioners under this Act shall be deemed to be transferred to the trustees so appointed or to the Local Government, as the case may be, and the said trustees or the Local Government, as the case may be, may enter on the new bridge and its approaches and may take possession of the same and of all properties and moneys vested by this Act in the Commissioners.

*(Clauses 20—24.)*

Power to Local Government to make rules.

**20.** (*1*) The Local Government may make rules for carrying out the purposes of this Act.

(*2*) In particular and without prejudice to the generality of the foregoing power the Local Government may make rules—

(*a*) regulating the collection of taxes which may be imposed under this Act and the payment thereof to the Commissioners, and

(*b*) prescribing the method of examination by auditors under section 15 of the accounts kept by the Commissioners.

Power to Local Government to make by-laws.

**21.** The Local Government may, after previous publication, by notification, make by-laws for carrying out the purposes of this Act, and in particular—

(*a*) for the safe and convenient use of the new bridge and the approaches thereto and any tramway constructed thereon, and

(*b*) for the passage of boats and vessels under or through the new bridge.

Indemnity.

**22.** No person shall be entitled to any compensation for any loss or injury which he may sustain by reason of any obstruction to the navigation of the river Hooghly which may be caused by operations connected with the dismantling or removal of the existing bridge and its approaches or the construction or repair of the new bridge and its approaches, or for any interference with any rights vested or otherwise, which may result from operations connected with the dismantling or removal of the existing bridge and its approaches or the construction or repair of the new bridge and its approaches.

Penalty for infringement of by-law.

**23.** No penalty for any one infringements of a by-law shall exceed one hundred rupees, nor in case of a continuing infringement shall any penalty exceed fifty rupees *per diem* for every day after notice of such infringement shall have been given by or on behalf of the Commissioners to the person guilty of such infringement.

Offences and penalties.

**24.** The offences mentioned in column 1 of the following table shall be punishable to the extent mentioned in column 2 thereof with reference to such offences respectively:—

| 1 | 2 |
|---|---|
| (*1*) (Omitted.) | |
| (*2*) (Omitted.) | |

NEW ZEALAND—NORTH ISLAND.

*Wellington—W/T Time-Signals.*

*No. 122* (*second publication*).—The following particulars, etc., relative to the above, issued by the British Admiralty (No. 244 of 1926), are republished :—

*Position.*—Lat. 41° 17′ S., Long. 174° 46′ E. (*approx.*).

*Call signal.*—VLY.

*Wave length.*—600 metres (I. C. W.).

*Details.*—Wireless time-signals are now transmitted by the W/T station at the Dominion Observatory (formerly named "Hector"), as described below. The signals are automatically operated by the Standard Time clock at the observatory.

(*a*) The following time-signals are sent daily at $23^{h.}\ 00^{m.}\ 00^{s.}$ (G.M.T.), corresponding to $10^{h.}\ 30^{m.}\ 00^{s.}$ New Zealand Standard Time. The signals are repeated at the 1st, 2nd, 4th and 5th minutes. There is no time-signal at $23^{h.}\ 05^{m.}\ 00^{s.}$ Each time-signal consists of a dash (—) of three seconds' duration, and commences exactly at the beginning of the minute.

Procedure :

| G.M.T. | | | | | | Signal. |
|---|---|---|---|---|---|---|
| h. | m. | s. | h. | m. | s. | |
| 22 | 58 | 00 | to 22 | 59 | 05 | — 'VLY (*every 15 seconds, the dash being of two seconds' duration*). |

| 23 | 05 | 00 | „ 23 | 05 | 03 | ——— *Time signal.* |

$\overline{\text{AR}}$ VLY $\overline{\text{VA}}$.

(*b*) Time signals are also transmitted on Tuesdays and Fridays, except on New Zealand Government holidays.

The conditions governing the transmission are similar to those given above.

The first time-signal is at $9^{h.}\ 00^{m.}\ 00^{s.}$ (G.M.T.), corresponding to $20^{h.}\ 30^{m.}\ 00^{s.}$, New Zealand Standard Time. The signals are repeated at the 1st, 2nd, 4th and 5th minutes. There is no time-signal at $9^{h.}\ 03^{m.}\ 00^{s.}$ Each time-signal consists of a dash(—) of three seconds' duration, and commences exactly at the beginning of the minute.

*Remarks.*—In addition to the automatic time-signals, other signals are transmitted by hand, but they must not be used as time-signals.

## LIBERALITY OF BABU SASHI BHUSHAN RUDRA, OF IRPHALA, IN THE DISTRICT OF MIDNAPORE.

No. 898Medl., dated Calcutta, the 22nd March 1926.

From—J. G. DRUMMOND, ESQ., I.C.S., Secretary to the Government of Bengal Local Self-Government Department (officiating),

To—The Commissioner of the Burdwan Division.

With reference to your letter No. 551L.S.-G., dated the 8th March 1926, in which you report that Babu Sashi Bhushan Rudra, of Irphala, in the district of Midnapore, has made a donation of Rs. 25,000 to the Midnapore District Board for the maintenance of the Ram Prosad Rudra Charitable Dispensary at Irphala, I am directed to request that you will be so good as to convey to the donor the thanks of Government for his liberality and public spirit.

## RESOLUTION ON THE REPORT ON THE OPERATIONS OF THE DEPARTMENT OF AGRICULTURE, BENGAL, FOR THE YEAR 1924-25.

**GOVERNMENT OF BENGAL.**

**AGRICULTURE AND INDUSTRIES DEPARTMENT.**

**Agriculture.**

CALCUTTA, THE 15TH MARCH 1926.

RESOLUTION—No. 1309.

READ—

The report on the operations of the Department of Agriculture, Bengal, for the year 1924-25.

1. **Administration.**—Mr. Finlow was in charge of the Department throughout the year. He was confirmed as Director of Agriculture on the retirement of Mr. G. Evans on the 17th February 1925. Mr. McLean was appointed to be Assistant Director of Agriculture with effect from the 27th May 1925. Owing to the embargo placed on recruitment to the Indian Agricultural Service pending orders on the recommendations of the Lee Commission for the provincialization of the service and the stoppage of officiating appointment to that service, the post of Second Economic Botanist was not filled on the expiry of the term of officiating appointment of Mr. Dwijadas Datta, Superintendent of Agriculture, on 30th June 1925. In view of the importance of the work under investigation by this officer, Government have decided that he should continue to do the work of the Second Economic Botanist.

2. **Agricultural education.**—Government trust that the Director of Agriculture will take every possible step to make the Secondary Agricultural School at the Dacca Farm more popular and to attract a sufficient number of students to it.

With regard to higher agricultural education, it had been intended to start an Agricultural Institute at Dacca for the purpose of providing post-graduate training in advanced agriculture. It has now been decided to start, in the first place, an institution of the Agricultural College type with adequate provision for practical training and to add a post-graduate section in due course. It is hoped to secure the co-operation of the Dacca University in the teaching of subjects relating to pure science. As soon as the scheme has been revised on these lines, an attempt will be made to provide the necessary funds.

The scheme for agricultural education in schools on the Punjab lines referred to in the report is still under consideration.

3. **Research and experiment.**—Important experiments continued to be carried on in the Fibres, Botanical and Chemical Sections. In the Fibres Section jute continues to receive special attention. The work on the new race of jute D. 27, which appears to be at least equal in yield to the previous departmental selections and even superior to them in quality, is still in progress. An interesting investigation is also being made with a view to determine whether variety or environment is the main factor affecting the quality of fibre. Work on other fibres such as sunn hemp, rhea, sisal, etc., is still in progress.

The departmental races of rice evolved in the Botanical Section are being extended in the localities suited to them. The main line of work now in progress in this section is the selection of races of rice suitable to the drier tracts of Western Bengal, and of improved strains of the *balam* paddy of Bakarganj. An improved race of transplanted paddy known as *dudshar*, which is nearly as heavy a yielder as *indrasail*, has made rapid progress in the Malda district.

In the Chemical Section important work is being carried on with sugarcane and tobacco. Yellow Tanna cane continues to spread rapidly. Over two lakhs of cuttings were distributed during the year under report. One of the Superintendents of Agriculture was placed under the Agricultural Chemist for special work on sugar as well as for assisting in the work of seed supply and demonstration. The new cane C. O. 213 did well at Dacca, Rajshahi and Berhampore.

The work on tobacco has now reached a definite stage and a programme of expansion has been laid down for the province. Demonstrations of tobacco cultivation have been attended with promising results, especially in the Eastern Circle, and the demand for departmental tobacco seed has been far in excess of supply.

Experiments on flue curing of tobacco have yielded results of some commercial value by producing leaf of the desired colour and quality; and it is hoped that it will be possible in the near future to develop the industrial side of the work which has been taken by the Agricultural Chemist.

4. **Water-hyacinth.**—The problem of eradication of water-hyacinth continues to engage the special attention of Government. A series of experiments has been made with the Griffiths' spray on a small scale in different parts of the province as a result of which Government are not satisfied that the spray is an effective means of finally eradicating water-hyacinth from a given area. The experience gained indicates that man-handling is an essential part of any campaign against water-hyacinth on

a large scale and attention is now being directed to the collection of the data necessary for drawing up a scheme on these lines. The Irrigation Department have deputed Mr. E. A. Moore, Assistant Engineer, for this purpose with special reference to the clearance of water channels, and Babu Kalipada Maitra of the Bengal Civil Service, who has had considerable experience in the affected parts, has been placed on special duty to collect information and opinions as to the area and source of infection, the difficulties of dealing with it and the various conditions necessary to get concerted action against the pest. After these preliminaries have been completed, Government hope to be in a position to formulate a definite scheme of campaign. In the meantime investigations are in progress with a view to the economic utilization of the weed. Dr. P. Brühl of the Calcutta University has also undertaken research into certain aspects of the life history of the plant with the help of a grant from Government.

5. **Improvement of the farming industry, agricultural stations and farms: Animal husbandry and fodder supply: Agricultural engineering and supply of improved seed, manure and implements.**—The buildings on the new farm at Dinajpur are expected to be complete at the end of the current financial year. The buildings on the Mainaguri Farm in the Jalpaiguri district are under construction. Proceedings for the acquisition of land for the Malda Farm have been initiated, whilst proposals are on foot for the establishment of farms for the Nadia and the 24-Parganas districts.

The Kishoreganj Farm is run on a modified *barga* system, the actual cultivation being carried on by cultivators who are supplied with departmental seeds of paddy, jute and sugarcane on condition that they return an equal quantity after harvest in addition to the departmental share of the produce. This farm has been a conspicuous success both from the economic and demonstration points of view. It paid its way, and at the same time popularized the larger adoption of all departmentally improved crops in the local area. Another area of Khas Mahal land has been taken over at Jamalpur in the Mymensingh district for a similar purpose.

An important feature in the development of the farming industry is the growth of private farms conducted on up-to-date lines, especially in Northern Bengal, noteworthy among which is the Dayarampur Farm belonging to Kumar Sarat Kumar Roy of Dighapatiya. Other noteworthy farms are the Sultanpur (Birbhum) Farm belonging to Rai Abinash Chandra Banerjee Bahadur and the Mallick Agricultural Farm at Ranaghat belonging to Rai Kumud Nath Mallick Bahadur. The Court of Wards' farms mentioned by the Director of Agriculture also serve as useful demonstration centres to the cultivators.

In the year under report the standard of rejection for cows at the Rangpur Cattle Farm was raised to 2,500 lbs. per lactation period of 300 days. There has been an increased demand for bulls at Rangpur. Twelve bulls were sold during the year, about half the number being purchased by the Assam Agricultural Department. At the Dacca Farm the present policy is to evolve by selection and mating with pedigree bulls a herd of Sindhi cattle of superior milking strain: 75 per cent. of the cows at the farm have reached a standard of 2,000 lbs. of milk per lactation period and 14 female calves and 18 bull calves have been raised.

Whilst it is satisfactory to note the progress made in the work at Rangpur, the problem before the department now is to popularize the pedigree bulls evolved there and to multiply them. With a view to creating a demand, the Director of Agriculture has issued instructions for free service by the stud bulls maintained at the farms. Proposals for an advance in the direction are under consideration, but the problem has now reached a stage necessitating expert guidance and it is hoped to appoint a cattle-breeding expert this year.

Experiments with fodder crops are being made in the various farms. The main lines of work are to find their relative suitability as catch crops as well as cold weather crops when the fodder problem becomes acute. So far, encouraging results have been obtained with rheana (wild maize) and also a variety of *bajra* (pennisetum typhoideum). Amongst pulses cowpea has done well.

The problem of agricultural engineering chiefly from the point of view of improving the irrigation facilities in the highland tracts and popularising improved machinery and implements for agricultural purposes has been engaging the attention of Government for some time past. A scheme for the appointment of an Agricultural Engineer for the purpose has been prepared and is awaiting the provision of funds.

Closely connected with the question of irrigation is the important problem of the preservation of the soil moisture in the rolling country in Western Bengal which is so essential for agricultural development but which has been seriously affected by erosion caused by reckless denudation of the forests for years past. This is also responsible for the heavy floods and the silting of rivers in the Burdwan Division. The whole question of remedying the evil is engaging attention.

6. **Seed distribution.**—During the year about 66 tons of departmentally improved jute seed were raised and sold for Rs. 58,000. The

sale was made through a private agency. The free distribution of jute seed in small packets to cultivators for the purpose of extension of departmental races in untapped areas through the agency of the panchayats was continued with satisfactory results. Under this system the cultivator is required not to cut the resulting crop until the seed is harvested.

Government will await with interest the result of the experiment of growing departmental paddies on cultivators' lands through the agency of village associations in selected centres in the Dacca and Malda districts.

7. **Propaganda and dissemination of agricultural information.**—The Governor in Council agrees with the Director of Agriculture that the District Officers are in a specially favourable position to exercise their influence in controlling the agricultural policy of their districts in the matter of propaganda and demonstration and in organizing work among non-officials through the medium of agricultural associations and co-operative societies. His Excellency in Council notes with satisfaction that several District Officers, notably those of Rangpur and Malda, evinced keen personal interest in the work of the Department within their respective districts during the year under report. It is hoped that the example of the good work done by the agricultural associations of the Presidency and Burdwan Divisions will stimulate similar activities in other parts of the province. Government also hope that the Director of Agriculture and the Registrar of Co-operative Societies will work in close touch with each other so as to utilize co-operative societies as much as possible for the purpose of financing agricultural operations, marketing of agricultural produce and the introduction of improved seeds and manures and improved agricultural methods.

8. **Sericulture.**—In the year 1923 the Bengal Silk Committee was reconstituted on a popular basis, the silk-rearing and trade interests being represented on it. The main function of the Government nurseries continues to be the rearing of disease-free stock. The nurseries produced 17,380 *kahans* of seed cocoons and the receipts amounted to Rs. 75,275. Better manuring has resulted in an increased yield of mulberry leaf with the consequent reduction in the quantity of leaf purchased from outside sources.

The policy of the propagation of disease-free seed through the agency of selected rearers under departmental supervision has been attended with encouraging results. Ten new seed farms were started during the year, bringing the total number to 52 in the districts of Malda, Birbhum, Rajshahi and Murshidabad. The selected rearers are reported to have raised between 14,000 and 15,000 *kahans* or nearly as much as raised in the Government nurseries. The reelers' and rearers' co-operative societies in the several districts are reported to be doing good work.

The report makes mention of the progress made in the introduction of the silk-rearing industry amongst the *bhadralog* classes in the neighbourhood of Behala in the 24-Parganas with the assistance of Mr. S. N. Roy, M.L.C., who is a member of the society formed for the purpose. It is hoped that the interesting demonstration work, which is being carried on under Miss Cleghorn in the 24-Parganas district, will result in popularising sericulture as a profitable occupation to educated young men of the *bhadralog* class. At Mymensingh, the Central Co-operative Bank has taken up the work of rearing with a view to encouraging the development of sericulture in the district. Encouraging results have been obtained from the experimental plantation at the Dacca Farm. In the Bankura district good progress has been made towards the revival of the silk industry and steps have been taken for the establishment of a nursery at the Vishnupur subdivision of the district. A scheme for propaganda in the 24-Parganas and Malda districts on the lines indicated in the report is at present under the consideration of Government.

The education of the sons of rearers in improved sericultural practice continues to be imparted at the sericultural schools at Rajshahi and Berhampore. During the year nine passed students were granted rewards totalling Rs. 1,500 for the construction of model rearing houses. Owing to the high cost of materials and labour the existing scale of rewards at Rs. 250 has been found to be inadequate and it is proposed to raise its value to Rs. 400 as soon as funds are available. The primary schools at Piasbari, Amriti and Kumarpur, where children are taught, the rudiments of sericulture are reported to be doing good work.

9. The Governor in Council acknowledges with pleasure the good work done by Mr. Finlow in the administration of the department. His thanks are also due to the district officers and non-official gentlemen who have rendered assistance towards the development of agriculture in the province.

By order of the Governor in Council,

G. S. DUTT,
*Secretary to the Government of Bengal.*

## RESOLUTION REVIEWING THE REPORTS ON THE WORKING OF DISTRICT BOARDS IN BENGAL DURING 1924-25.

### GOVERNMENT OF BENGAL.

**Local Self-Government Department.**

CALCUTTA, THE 4TH FEBRUARY, 1926.

RESOLUTION—No. 335 L.S.-G.

READ—

The reports of the Commissioners of Divisions on the working of District Boards in Bengal during the year 1924-25.

**District Boards.**—The total number of members increased from 663 to 676, the increase being due to the enlargement of the Birbhum and Jessore District Boards with an elective majority. The percentage of elected members in the Province rose from 57·5 to 58·3. In the Howrah District Board which was reconstituted during the year, new blood was introduced with more pronounced democratic views, as a result of the more widespread interest taken in the district in local self-government.

2. **Local Boards.**—As in the previous year the number of Local Boards was 82 which were presided over by 76 non-official and 6 official Chairmen. They held 889 meetings against 928 in the previous year; 17 proved abortive for want of a quorum.

3. **Village Self-Government.**—Up to the end of the year 2,762 union boards were sanctioned, of which nearly 1,500 were in working order. Propaganda work for the establishment of new union boards was carried on by circle officers who explained to the people the provisions and advantages of the Act. In most places their attempts were successful and many proposals for the creation of new boards were matured. In some places where there were no circle officers the Subdivisional Officers made it a point to sound the opinion of the local people in the course of their tours. In Noakhali, towards the end of the year, the Commissioner of the Chittagong Division presided over a conference of President Panchayats and others. Each President was furnished with a Bengali edition of the Bengal Village Self-Government Act for perusal and for an expression of his views as to the necessity or otherwise of the establishment of union boards. The work could not be hurried as opposition and suspicion had to be disarmed by tactful methods.

The union boards which worked during the year realised both under clauses (*a*) and (*b*) of section 37 of the Act, Rs. 20 lakhs including the rents of chaukidari chakran lands, of which Rs. 16 lakhs was spent on establishment, leaving a balance of Rs. 4 lakhs only for communications, water-supply and other sanitary measures. Though the balance is far too small for these purposes, it is satisfactory to note that it considerably exceeds that (Rs. 3 lakhs) of the previous year. Some union boards maintained regular dispensaries, distributed quinine free, organised anti-malarial societies, took measures for the improvement of rural water-supply and sanitation and generally, evinced a keen interest in the welfare of the village population. Free primary schools were also maintained by some unions and in many places the boards rendered considerable help in settling local disputes. The Jorehat union board in the district of Howrah actually introduced street lighting in its main village thoroughfares.

On the whole, there was steady progress, though in many unions faction and apathy amongst the members and lack of initiative on the part of the president tended to limit the activities of the boards to the payment of chaukidars.

4. **Finance of District Boards.**—The receipts amounted to Rs. 133 lakhs against Rs. 126·8 lakhs in 1923-24 the increase being mainly due to larger receipts under Local Rates, Medical, Civil Works and Debt heads. Receipts under Education and Miscellaneous declined. The disbursements rose from

Rs. 127 lakhs to Rs. 131 lakhs. The increase was chiefly due to increased expenditure under Education, Medical, and Civil Works. The closing balance amounted to Rs. 37·6 lakhs (of which Rs. 22·5 lakhs were in cash) against Rs. 36·4 lakhs in 1923-24.

5. **Taxation.**—The average incidence of taxation throughout the Presidency was 2 annas 9 pies a head per annum varying in different districts from 1 anna 4 pies to 9 annas 9 pies.

6. **Education.**—The expenditure rose by Rs. 46,000 to Rs. 29·9 lakhs, of which Government contributed Rs. 16·4 lakhs while contributions from other sources, school fees, and miscellaneous receipts amounted to Rs. ·3 lakhs, Rs. ·4 lakhs and Rs. ·36 lakhs, respectively. District Boards from their own funds contributed Rs. 12·4 lakhs against an almost equal amount contributed by them in 1923-24. The number of upper and lower primary schools maintained and aided by District Boards rose from 40,859 to 41,490 of which 31,750 were boys' schools and 9,740 were girls' schools. The number of girls' schools declined by 164, but the number of pupils attending them increased by 5,130. Union boards continued to maintain the free primary schools started by them in previous years on the lines suggested by Mr. Biss, and the three schools started in the Shibpur union by the Bakarganj District Board are reported to have proved very successful. New schools of this type were started during the year at Astagharia (Burdwan), Khejurdaha (Hooghly), and Bagnan (Howrah) and the 24-Parganas District Board sanctioned the establishment of one such school at Narayanpur and agreed to pay one-fourth of the maintenance charges. Buildings for two similar schools were constructed by the Pabna District. It is satisfactory to record even a small increase in the number of schools of this type. Technical and industrial education, as usual, continued to receive the special attention of District Boards. The Commissioner of the Burdwan Division (Mr. Cook) sounds a note of warning here. He says : "Unfortunately the members of the committees have little knowledge of these crafts and have no standard up to which they should insist on the teaching being kept. The result is that the training stands in danger of becoming poor with the result that the finished product of the school, either as pupil or articles, is no better than can be found anywhere in the bazar". The proposal for the establishment of a technical school at Krishnagar with a private donation of Rs. 1 lakh made further progress. The donors paid one-half of the promised donation and negotiation is going on with the owners of a private house in the town for the free gift of the house to accommodate the said school.

7. **Medical Relief and Public Health.**—The expenditure under these heads aggregated Rs. 18 lakhs against Rs. 17 lakhs of the preceding year. The increase is noticeable in most of the districts and was most marked in Midnapur, Burdwan and Bakarganj. Fifty-five new dispensaries were opened during the year and the total number of dispensaries maintained and aided were 463 and 326, respectively. Medical relief was, as usual, provided primarily through these institutions and also through a small number of homeopathic, kaviraji and hakimi dispensaries maintained or subsidized by District Boards. Arrangements were also made to provide medical relief in rural areas during epidemics by engaging temporary itinerant doctors who distributed medicines free, treated cases, disinfected wells and took measures to prevent the spread of cholera, small-pox, and other infectious diseases. Dispensaries were also maintained by some union boards. In some places dispensaries were opened to serve single unions ; Bengal cannot yet afford so small a unit and it would probably be better for District Boards to encourage co-operation between a group of union boards in the maintenance of a larger dispensary with greater funds.

The District Board of Burdwan maintained 13 temporary fever dispensaries during the fever season while the Khulna District Board appointed a special malaria committee to suggest measures for changing the medical policy of the Board. The recommendation of the committee to establish subsidised doctors and kavirajes at six centres in the district was adopted by the Board with some modifications. A good many anti-malarial societies and private health associations worked during the year. They took preventive measures against malaria by cutting jungle, cleansing and cutting drains, filling up and kerosinising *dobas* and stagnant pools of water.

Besides the dispensaries maintained and aided by District Boards where there

were arrangements for the periodical treatment of kala-azar patients, special arrangements were made by most of the Boards for the treatment and prevention of the disease. Many out-centres and sub-centres were opened and supplied with requisite medicines and instruments. A good number of centres was also started by honorary workers and the Boards supplied them with medicines and apparatus free of charge. The doctors of many anti-malarial societies also treated kala-azar cases free of charge. But most noteworthy in this field was the action of the 24-Parganas District Board which set apart a sum of Rs. 2 lakhs for combating kala-azar and malaria. The scheme of the Board, which was inaugurated during the year under review, has been fully elaborated and a committee formed with the Director of Public Health as President and the District Magistrate as Vice-President to see to its successful working. Forty-seven treatment centres have so far been established. The success of this scheme must depend mainly on the efficiency with which its working is supervised. Government are convinced that a necessary postulate to steady progress in the prevention of disease and the amelioration of health conditions in rural areas is the creation of a proper public health organization. The District Board of the 24-Parganas has made a notable advance in recognizing this principle which lies at the root of the amazing progress made in the United Kingdom in the last 50 years in combating disease, but a listless unintelligent staff will do little good, while it will discredit the idea of " public health organization " which Dr. Bentley has so vigorously, and in the opinion of Government so soundly, advocated for years past. A staff of Sub-Assistant Surgeons even though they may have had some training in preventive work, is apt to concentrate on the treatment of disease as the easier line of country but the 24-Parganas scheme, if it is to produce a lasting effect on the incidence of disease, must not aim primarily at the multiplication of dispensaries. It is the function of a public health organization to treat disease so to speak in the mass, whereas a hospital deals with individuals, and constant inspection, supervision and advice from men of wide vision and sympathy, with a gift for administration, will be necessary if full value is to be obtained from such a staff as local bodies can afford to employ.

The Governor in Council desires to congratulate District Boards on the valuable work they have done in providing for the treatment of kala-azar. Malaria is still the outstanding problem, but the former disease has during the last two or three years been consolidating the position it had gained and the rapid multiplication of treatment centres are essential. The District Boards of Midnapur, Hooghly, Howrah, Jessore, Khulna, Mymensingh, Faridpur, Bakarganj, Tippera, Noakhali, Pabna, Malda and Dinajpur, all did excellent work in treating kala-azar cases, while the work of the Naogaon centre in Rajshahi deserves special mention.

Serious epidemics of cholera broke out in several places, but the spread of the disease was checked by prompt action taken in the shape of disinfecting sources of water-supply and inoculating the people in the affected villages and their neighbourhood with anti-cholera vaccine supplied free of charge by the Public Health Department. This method of inoculation met with no opposition from the public and is said to have produced satisfactory results. In the 24-Parganas District a special staff consisting of five Sanitary Inspectors was lent by Government to combat cholera for some months during the epidemic season. A very severe epidemic in Dinajpur was brought under control by the energetic efforts of the District Health Officer.

There were outbreaks of small-pox in several districts. In all these cases measures were taken to check the progress of the disease Free vaccination on the gang system was carried on in Rajshahi from 1,548 depôts, and it is reported that in consequence of this arrangement there were few deaths in the district from small-pox. Free vaccination by a paid staff was introduced during the year in Pabna. In the Bakarganj district the compulsory system of vaccination which had been introduced in the preceding year in the Kotwali thana was extended in a modified form to the other thanas of the district with a fair degree of success. It is reported that altogether 96,328 operations were performed, of which 90,310 were successful. The District Board of Rajshahi opened no less than 1,545 depôts for vaccination work. The work of this Board in its public health and medical branches deserves praise.

8. **Veterinary.**—The charges under this head increased from Rs. 1,71,500 to

Rs. 1,81,000, the increase being shared by many District Boards, notably by the Birbhum, Mymensingh, Chittagong and Rangpur District Boards. The expenditure decreased considerably in the Noakhali and Darjeeling districts. In the last year's resolution adverse remarks were made on the veterinary policy of the Bankura District Board, the expenditure of which under this head fell from Rs. 6,000 in 1922-23 to Rs. 2,000 in 1923-24, although an epidemic of rinderpest broke out in the district. The expenditure of this Board during the year under review (Rs. 3,000) shows a slight increase, but it was inadequate as there was an abnormal increase in the number of rinderpest epidemics during the year which practically extended throughout the district and could not be properly attended to by the single veterinary assistant entertained by the Board. Cattle disease in an epidemic form broke out in several other districts where prompt measures were taken to check its progress. The veterinary assistants did good service and the utility of their operations was highly appreciated by the people. New veterinary dispensaries were opened in the Rampurhat Subdivision of the Birbhum district and at Rajbari in the Faridpur district and steps were being taken for the establishment of one at Tangail in Mymensingh, towards which the Santosh Wards Estate made a contribution of Rs. 7,000. The Khulna District Board, however, abolished the dispensaries at headquarters and utilized the services of the veterinary assistants merely in combating cattle epidemics in the rural areas. The Hooghly District Board abolished the post of one veterinary assistant at Sheoraphuli—a retrograde step which Government most strongly deprecate.

9. **Civil Works.**—The total expenditure under this head, which includes the sums spent on water-supply and drainage, rose from Rs. 60·4 lakhs to Rs. 62·7 lakhs. The principal items of expenditure under this head are Buildings, Communications, Water-supply and Establishment. The expenditure on the first and last items fell by Rs. 30,000 and Rs. 9,000 respectively, while there was an increase under Communications (Rs. 25,000) and Water-supply (Rs. 3,60,000). The increase under these two heads, however, was confined chiefly to "Original works" and amounted to Rs. 1,32,000 in the case of "Communications" and Rs. 3,50,000 in the case of "Water-supply," while the charges for the maintenance of "Water-supply" rose by Rs. 10,000 only and those in the case of "Communications" showed a decrease of over one lakh. This tendency of the District Boards to incur new liabilities somewhat recklessly without making adequate provision for their old standing and essential obligations, specially those relating to communications, was noticed in the last year's resolution, and it is regrettable that no improvement is noticeable in this direction. The prosperity of the people depends to a great extent on trade facilities arising from good roads, and a District Board will be failing in one of its primary duties if roads are neglected.

Some District Boards have complained that considerable damage is done to their roads by a steady increase in motor traffic. Although they have to pay all the expenses for the upkeep of the roads they get nothing in the shape of an income from license fees. A Bill is now under the consideration of Government for authorising local bodies to levy a reasonable fee on motor traffic which is responsible for damage to roads maintained by these bodies.

As in the preceding years, the percentage of lapses over the budget allotment was the highest in the 24-Parganas district, although it declined from 30·5 in the preceding year to 24·0 in the year under review. No part of the allotment lapsed in Malda. The percentage decreased to a considerable extent in Midnapore and Bogra, while in Birbhum and Rajshahi it increased from 8·0 and ·7 to 19·8 and 10·2 respectively. In Nadia and Tippera where there were no lapses in 1923-24, the allotments lapsed by 13·6 and 6·02 per cent.

10. **Water-supply.**—The expenditure under this head rose from Rs. 6·3 lakhs to Rs. 9·9 lakhs. In view of the unusual drought of the year under review, Government desired that the major portion, if not the whole of the augmentation grant annually received by District Boards from Government, should be spent on rural water-supply. That the District Boards generally accepted this suggestion is evidenced by the fact that increased expenditure was incurred by most of them in this respect, specially by the District Boards of Burdwan, Midnapore, Birbhum, Bankura, Nadia, Pabna, Dacca, Howrah, Mymensingh and the 24-Parganas which spent a larger sum on water-supply than the amount of their

augmentation grants. The District Board of Burdwan took up the sinking of 216 masonry wells, out of which 126 were completed at a total cost of Rs. 95,338, while Rs. 22,543 was spent by the Asansol Local Board. A sum of Rs. 13,475 was also spent on repairing and clearing wells, besides a further sum of Rs. 2,251 handed over to Union Boards for repairing wells in their respective jurisdiction. All the Local Boards in Midnapore evinced great activity and energy in the execution of projects of water-supply and spent larger amounts than in the preceding year. In Birbhum 18 tanks were re-excavated and 7 wells were completed and 97 wells were in progress, for which a sum of Rs. 10,417 was disbursed during the year. The District Board also spent small sums on iron and bamboo tube-wells and granted loans to Union Boards and private individuals for the re-excavation of tanks. In the 24-Parganas district 319 tube-wells, 20 ring and 7 masonry wells were sunk during the year. The excavation of 8 tanks was completed and 6 tanks were re-excavated and the District Board agreed to grant loans to private individuals for the re-excavation of tanks. In Nadia 47 wells were constructed under the direct supervision of the District Engineer, out of which 16 wells were completed. Sixty-one wells were sunk by the several Local Boards under the new scheme of contribution under which the villagers constructed wells themselves and the Local Boards paid contributions to them. Rupees 29,253 were spent in Jessore on constructing 11 new tanks, 46 new masonry wells and 85 ring wells, and in Khulna 13 tanks, 41 wells and 121 ring wells were completed, besides 19 tanks and 2 masonry wells taken up but not completed during the year. The increase in the expenditure on water-supply was noticeable in Jalpaiguri and Rangpur and was mainly due to the sinking of a larger number of cement concrete ring wells throughout the districts. The Bogra District Board sank 37 tube wells and the Local Boards sank 177 ring wells in different parts of the district. In Dacca the construction of 64 wells and 11 tanks was completed and 107 wells and 8 tanks were undertaken. The Mymensingh District Board took up 254 masonry wells, 3 tiled wells, 24 tube wells, 93 ferro-concrete wells, 4 ring wells and 12 tanks and advanced a sum of Rs. 15,000 as loan to private individuals for excavation and re-excavation of tank. The Hooghly District Board spent Rs. 17,148 in the sinking of tube wells, masonry wells and ring wells and placed contracts for the sinking of 100 tube wells. In Howrah a sum of Rs. 26,204 was spent on 26 deep-seated tube wells, 1 ring well and 10 tanks during the year, of which nearly Rs. 5,000 was paid to Union Boards for re-excavation of tanks. This Board as well as the District Boards of Jalpaiguri and the 24-Parganas, respectively, spent 64·2, 51·6, and 44·3 per cent. of their Public Works Cess receipts on water-supply. The Howrah District Board, however, spent beyond its means and its expenditure is said to have been dictated more by a desire for popularity than a just appreciation of the various needs of the district and of the best ways of supplying them. On the other hand, the expenditure declined considerably in the Bakarganj and Malda districts where the percentages fell from 24·2 and 39·0 in the previous year to 10·8 and 22·0 respectively. The decrease in the former is attributed to the failure of the Land Acquisition Department to give possession of the sites of tanks, while that in the latter has not been explained. There is a scarcity of good drinking water in all the districts in the Chittagong Division, specially in Noakhali, where no appreciable improvement can be effected owing to lack of funds and the unwillingness of the people to part with the proprietary and fishing rights in the tanks.

Tube wells continued to receive the special attention of several District Boards which took steps to popularise them. Owing to the increase in the number of tube wells in Howrah and the 24-Parganas the District Boards appointed expert whole-time officers to look after the wells in the different parts of the districts.

11. **Closing Balance.**—The year closed with an actual balance of Rs. 22·5 lakhs against Rs. 23·5 lakhs of the previous year. There were heavy balances in the Burdwan (Rs. 3,33,057), 24-Parganas (Rs. 2,90,573), Mymensingh (Rs. 2,27,323 and Midnapore (Rs. 2,09,317) districts. The large balance in Burdwan is attributed mainly to the excess income under "Cess receipts" which could not be budgeted for expenditure during the year. The heavy balance at the credit of the 24-Parganas District Board represented the unspent balance under "Education", "Medical" and "Civil Works" and included a sum of Rs. 64,000 on account of the non-payment of the interest of the Magrahat

drainage loan. The balances left by the Mymensingh and Midnapore districts have not been explained.

12. **General Remarks.**—Except in the cases of Midnapore where the work suffered to a great extent owing to the absence of a properly qualified District Engineer and Rangpur where party faction was rampant, the administration of District Boards by non-official Chairmen, so far as their funds permit, was on the whole satisfactory. Most of the Chairmen, Vice-Chairmen and members took keen interest in the discharge of their duties even at some sacrifice of their private affairs.

As in the previous years, all the District Boards were handicapped in initiating schemes of rural reconstruction for want of funds. The public constantly requires a higher standard in such matters as education and communications and such improvements can only be obtained by enhanced expenditure. The prevailing unhealthiness of the country, on the other hand, calls for greater attention to water-supply, sanitation and medical relief. If the Boards spend more money for these departments, they have to curtail their expenditure under other heads, their normal income being almost stationary. There seems no immediate prospect of the resources of District Boards being increased to any considerable extent. The only hope seems to be in the formation, throughout the districts, of union boards which, when they learn to impose taxes to meet the elementary needs of the villages, will be likely to bring some financial relief to District Boards.

In spite of their financial difficulties, the District Boards deal energetically with malaria and kala-azar. Numerous centres for the treatment of malaria and kala-azar have been opened and in some districts anti-malarial societies on co-operative lines have been opened and the Boards have given grants to assist their work. If these societies are encouraged by District Boards providing for careful and constant supervision over their work, much can be expected from them towards the eradication of malaria and kala-azar.

A noticeable feature of the administration of District Boards during the year was the great interest taken by them in improving the water-supply in rural areas. Increased expenditure was incurred in this connection by most of the District Boards, and they seem to have realised the fact that the provision of water-supply in the villages is their paramount duty. They should however at the same time be careful that their desire to respond to the popular outcry is not carried too far, *i.e.*, beyond what they can afford.

The Governor in Council desires particularly to express his appreciation of the good work done by the following gentlemen and to thank them for their services:—

*No. 51.—The 6th March 1926.*—The following draft of rules and schedule of rates of tolls, which, in exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council intends to make and fix, for the Damodar Channel joining the Katcha and Baleswar rivers in the Perojpur subdivision of the Bakarganj district, is hereby published for the information of persons likely to be affected thereby.

II. The draft will be taken into consideration on or after the 22nd April 1926, and any objections or suggestions received before that date will be considered :—

*Draft rules and schedule of rates of tolls.*

1. Every vessel on entering the channel and before passing the gate at either end or even when entering the channel from a side khal between the gates shall be liable to measurement for the purpose of ascertaining the tolls payable ; in case of any reasonable doubt arising, a vessel may be measured again by any person appointed by the District Board of Bakarganj, on this behalf.

2. Vessels for the purpose of the determination of maundage shall be divided into two classes as below :—

*Class I.*—To include all vessels of the types of country boats, including saltees and hapors (fish cages), house boats, kosh boats, green boats, etc.

*Class II.*—To include steam boats, motor boats, flats and barges and other square built vessels.

3. The maundage of every vessel, whether laden or empty, shall, for the purpose of Act V (B.C.) of 1864 and of these rules, be determined by the following measurements :—

CLASS I.

A. The product of one quarter the length of the vessel from stem to stern, measured along the water line, multiplied by the interior greatest breadth of the vessel, multiplied by the depth from the water-line to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

B. The measurement of the length is to be made in feet, rejecting inches ; the measurement of breadth and depth is to be made in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

C. The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral muntiple of 12½ maunds, any remainder of less than 12½ maunds being rejected. In the case of vessels exceeding 500 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 50 maunds, rejecting any remainder of less than 50 maunds.

D. **Saltees.** The product of one quarter of the inside length of the vessel, measured along the centre line from stem to stern, multiplied by the interior greatest breadth of the vessel, multiplied by the greatest depth measured from the top to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

CLASS II.

For vessels of Class II the number of maunds obtained by the system of measurement prescribed for vessels of class I shall be increased by one-half. For vessels of this class above 5,000 maunds measurement, the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting remainder of less than 500 maunds. In the case of steamers and motor boats, the maundage determined as above shall be reduced by one-third as an allowance for engine space.

For vessels of class II which are furnished with reliable way bills, the gross maundage of cargo shown by the way bills or in the case of steamers, the maundage obtained from multiplying the registered tonnage of the steamer by 27, may, at the option of the employer of the vessel or the steamer (as the case may be), be taken as the maundage on which tolls will be charged.

4. After the measurement the person in charge of the vessel shall be provided with a slip showing the maundage to be charged, which must be presented at the toll office where he will be provided with a ticket, after payment of toll, which will permit the vessel to pass the gate or proceed through the channel.

5. Every ticket shall have entered on it the name of the sarang, manjee or other person in charge of the vessel, the date of entry, the maundage, the cargo, the amount of toll charged and the number of days for which the ticket remains current.

6. All tolls are payable on demand and shall be paid at the toll office before a vessel is permitted to proceed.

7. The ticket must be kept on board the vessel and in possession of the person in charge of the vessel and must be produced for inspection when demanded by the person authorised to collect tolls, or by any officer to whom such person is subordinate. If on demand the ticket is not produced, such person or officer shall assess the tollage as provided in rules 3 and 12 and shall require payment of toll, and unless and until the toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel shall be liable to seizure and detention under the provisions of section 9 of the Act.

8. Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the collector of tolls on payment of a fee equal to one quarter of the total tollage, subject to a minimum fee of one anna per ticket.

9. All vessels, whether the property of Government, District Board, other local bodies or of private persons, are liable for toll except those specially exempted under these rules or by a resolution passed by the District Board of Bakarganj from time to time.

10 The canal may be closed once a year for effecting the necessary repairs to it on seven days' notice of the intention so to close it being given; but in the event of any sudden emergency the canal may be closed at any time without prior notice, and no claim in such case by owners of vessels or others for compensation on account of detention shall be entertained.

11. No rafts exceeding 50 feet in length and 5 feet in breadth shall be permitted to enter the canals.

12. The rates of toll shall be as follows :—

| | |
|---|---|
| (1) On all vessels empty or laden, per hundred maunds ... ... ... ... | Eight annas. |
| (2) On all vessels empty or laden, for 12½ maunds or less ... ... ... ... | One anna. |
| (3) On rafts of bamboos, grass, timber, etc., not exceeding 50 feet in length and 5 feet in breadth ... ... ... ... | Four annas each raft. |

Tolls will be levied at Hulerhat and Perojpore.

13. For boats frequently using the canal such as boats carrying passengers, grass or perishable articles monthly tickets will be issued at 10 times the ordinary toll.

14. Every vessel which has paid toll shall be allowed to remain in the canal for three days inclusive of the days of entry into and leaving the canal. A vessel remaining in any part of the canal longer than three days shall be charged demurrage equal to one-half of the toll for each day in excess of three days. No vessel shall be permitted to remain in the canal for more than one month. Provided that this rule shall not apply to vessels holding monthly tickets under rule 13 above, which may remain in the canal for more than three days without payment of demurrage but not for more than one month at a time.

15. No vessel carrying exclusively police officers or servants, soldiers and officers of the British Army, post mail runners, officers of the Irrigation Department on duty, officers and servants of the toll office for the canal referred to in these rules while on duty, or the vessels of such other persons as may be exempted by a resolution of the District Board of Bakarganj, shall be liable for toll in the canal.

16. Any matter relating to the mode of collection of tolls and other relevent points, not provided for in these rules, shall be decided by the District Board of Bakarganj at a meeting, and shall be subject to the approval of the local Government.

*No. 91.—The 6th March 1926.*—The following draft of rules and schedule of rates of tolls, which, in exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council intends to make and fix, for the side cut along the Barisal-Patuakhali road, joining Lebukhali and Patuakhali rivers in the Patuakhali subdivision of the Bakarganj district, is hereby published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on or after the 22nd April 1926, and any objections or suggestions received before that date will be considered :—

*Draft rules and schedule of rates of tolls.*

1. Every vessel on entering the channel and before passing the gate at either end or even when entering the channel from a side khal between the gates shall be liable to measurement for the purpose of ascertaining the tolls payable ; in case of any reasonable doubt arising, a vessel may be measured again by any person appointed by the District Board of Bakarganj on this behalf.

CLASS II.

For vessel of class II the number of maunds obtained by the system of measurement prescribed for vessels of class I shall be increased by one-half. For vessels of this class above 5,000 maunds measurement, the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting any reminder of less than 500 maunds. In the case of steamers and motor boats the maundage determined as above shall be reduced by one-third as an allowance for engine space.

For vessels of class II which are furnished with reliable way bills, the gross maundage of cargo shown by the way bills or in the case of steamers, the maundage obtained from multiplying the registered tonnage of the steamer by 27, may, at the option of the employer of the vessel or the steamer (as the case may be), be taken as the maundage on which tolls will be charged.

### EDUCATION DEPARTMENT, BENGAL.

NOTIFICATION.

**Post-Graduate Research Scholarships to be awarded in 1926.**

THREE Post-Graduate Scholarships will be awarded for the encouragement of original research to candidates who have high and special qualifications and appear to be likely to conduct original research with success. The value of each scholarship is Rs. 100 a month, and each is tenable for a maximum period of three years.

2. Ordinarily one scholarship will be awarded annually to a student who proposes to carry on original research in scientific subjects, including such branches as natural and physical science, chemistry, mathematical science, etc., and another scholarship will similarly be awarded for research in literary subjects, including such branches as languages, comparative philology, palæography, epigraphy, philosophy, history, archæology, anthropology, etc., and the third scholarship will be awarded for research either in scientific or in literary subjects. No application for a research scholarship will be considered unless a candidate submits certificates showing that he has the capacity for undertaking the research proposed and a programme of work indicating a definite course of enquiry.

3. Election will be made in the first instance for one year only, with effect from 1st July 1926, but a scholarship may be renewed from year to year, up to the limit of three years, provided the scholar has throughout the year vigorously prosecuted original research in the subject selected by him.

4. Each candidate for a scholarship should submit his application, through the head of the institution in which he last studied, to the Director of Public Instruction, Bengal, on or before 10th May next, and must produce evidence of having passed from a college or other institution in Bengal the M. A. or M. Sc. Examination of the Calcutta or Dacca University or of having obtained some other equivalent or higher degree of either of these Universities in 1923 or 1924 or 1925. He must state as definitely as possible the subject or part of a subject in which he intends, if elected to a scholarship, to carry on his original investigation. He must also state the name of the institution in which he proposes to work, with evidence that the authorities of the institution are able and willing to provide facilities for him, or if no institution is mentioned, the circumstances or conditions under which he proposes to work should be stated.

5. Applications for this year's scholarships should be submitted in prescribed forms which are obtainable from the Personal Assistant to the Director of Public Instruction, Bengal, Writers' Buildings, Calcutta.

Properties of gases and liquids ; the laws governing the behaviour of these ; the general laws of mechanics, heat, hydrostatics, hydraulics, etc., as they apply to public health, questions of ventilation, heating, water-supply, drainage, etc. Humidity and its determination. Electro-conductivity and its measurement. Properties of light. The construction and use of the microscope, polariscope, spectroscope.

*(b) Geology.*

The general elementary geology of India. The composition and properties of soils, rocks, clays, etc., with specific reference to water supplies, building sites, etc. The weathering of rocks especially in relation to the composition of Indian soils. Springs, sub-soil water, artesian and subartesian conditions. Deltaic formation with special reference to Indian deltas.

*(c) Climatology and Meteorology.*

The principles of meteorology ; its relationships to health and disease ; the construction and use of meteorological instruments and the recording and correction of meteorological data. The monsoons and chief constant winds of India. The reading of weather charts.

General principles and determining factors, with special reference to India. The relationship of climate to health and disease.

*(d) Bacteriology, Parasitology, Protozoology, Entomology, Helminthology and Immunology.*

General characters of micro-organisms ; classification, morphology, biology of bacteria, conditions of growth and multiplication, ærobiosis and anærobiosis.

General consideration as to infectious diseases, the mode of spread under natural conditions, by carriers, and other agencies ; the discovery and isolation of organisms in disease ; the general pathology of infectious diseases. The study of immunity and the theories of its mechanism ; its application in disease prevention.

The study of the following diseases in particular and the causative organisms :— Inflammatory conditions, pyococcal infections, pyæmia, septicæmia, gonorrhœa, cerebrospinal meningitis, pneumonia, influenza, Malta fever ; typhoid and coli group of infection ; food poisoning, dysentery, plague, cholera, glanders, tetanus, anærobic wound infections, anthrax, leprosy, actino mycosis, Madura foot and other streptothrix affections.

The bacteriological examination of water, sewage, soils, air and milk and air and food stuffs.

Collection of water samples for analysis, the special methods adopted for examination of these and the interpretations of the results ; standards of purity ; the special organisms found in water and the methods of isolation. The examination of water supplies for pathogenic bacteria. The examination of sewage and other effluents.

Methods of examination of air and soils and the special organisms found therein. Examination of foodstuffs with special reference to food poisoning.

Parasitology, protozoology and entomology.

*(e) Animal Parasites.*

A general knowledge of the structure and life histories of—

Cestodes :—

Taenia Solium—Cysticercus cellulosae.
Tænia Saginata—Cysticercus bovis.
Dibothriocephalus latus.
Hymenolepis nana.
Hymenolepis diminuta.

Trematodes :—

Schistosomum haematobium.
Schistosomum mansoni.
Schistosomum japonicum.
Clonorchis sinensis.
Paragonimus westermani.
Fasciolopsus buski.
Gastrodiscus hominis.

Nematodes :—

Strongyloides.
Necator americanus.
Ancylostoma duodenales.
Ascaris lumbricoides.
Oxyuris vermicularis.
Trichinella spiralis.
Trichuris trichuria.
Filaria medinensis.
Filaria loa.
Filaria bancrofti, etc.
Gnathostomum siamense.

*(f) Protozoology.*

Origin, general morphology, biology, recognition, etc., and life histories of the following :—

The Entamoebae of man : E. coli, hystolytica, gingivalis ; nana ; Cutchili.
Intestinal Flagellates :
Cercomonas, Bodo, Prowazekia, Trichononas, Lamblia, Horpetomonas ; Leishmania Donovani, L. Tropica.
Trypanosomes : T. lewisi, evansi, brucei, gambiense, etc., cruzi, Coccidiosis.
Piroplasmosis.
The malaria parasites of man ; proteosoma, halteridium, haemogregaines.
Sarcosporidium.
Rhinosporidium kinealyi.
Balantidium coli.
The organisms causative in relapsing fever, rat bite disease, Vincent's angina, syphilis, yaws, epidemic jaundice, yellow fever, rabis.

*(g) Entomology.*

Entomological methods, collecting, preserving and packing. The life histories, bionomics, recognition of flies and bloodsucking anthropodes, mosquitoes (culicines and anophelines), house flies, tsetse flies ; tabanus sand flies, ticks, bugs and lice with special consideration of the common malaria-carrying mosquitoes of India.

*(h) Principles of Public Health and Sanitation.*

The principles and practice of personal, communal, international and occupational hygiene. The effect of climate environment and food on the human organism and communities ; water and water-supplies ; water purification and disinfection, water-borne disease. The study of the atmosphere in its relation to health and disease ; ventilation of towns, houses and buildings ; the causes and effects of vitiation of the atmosphere ; the planning of towns, villages, houses and huts, factories and barracks.

The effect of soils on health ; building sites. The collection and disposal of refuse and excretal matter. Foodstuffs, their composition, purity, examination, sophistication, etc.

The study of diets specially in regard to tropical countries with special reference to such diseases as beriberi, epidemic dropsy, rickets, scurvy, etc.

The effects of famine conditions and economic stress on the human organism. Clothing in relation especially to climate.

Epidemic, endemic and infectious diseases of both temperate and tropical climates. Their epidemiology, geographical and seasonable distribution, origin, causation, mode of spread, etc., and prevention, special attention being paid to the study of such diseases as occur in India.

The control and prevention of infectious diseases by isolation, disinfection, vaccination, etc., with special reference to small-pox, cholera, plague and other tropical diseases. The construction and administration of hospitals for infectious diseases. Industrial hygiene, the special diseases of occupations, causation, their detection and prevention. Maternity and child welfare work.

School hygiene and medical examination of school children. Anti-tuberculosis schemes and their applicability. Venereal diseases; their cause: their control and treatment by the state. The control of food supplies, markets, dairies, milkshops, slaughter houses.

Officers of Asiatic domicile draw basic pay but not overseas pay.

The post is non-pensionable, but the incumbent will be required to subscribe each month 1-12th of his pay to a provident fund to which Government will add half-yearly a bonus of 75 per cent. of the subscriptions by the officer for the half year. Interest at the prescribed rate will be added yearly.

The incumbent of the post is entitled to Calcutta house allowance in accordance with the rules in force. A conveyance allowance of Rs. 75 per month is attached to the post on condition a motor car is maintained, and the officer is entitled to draw travelling allowance according to the Fundamental Rules for journeys beyond a five mile radius of his headquarters.

Before actually taking up his appointment the selected candidate will be expected to work for two months (September, October 1926) with the present Executive Engineer, during which period he will receive consolidated pay limited to Rs. 750 a month.

Thereafter he will be appointed on an agreement for five years in the first instance terminable at any time within the period of five years by six months' notice on either side, but extensible beyond the period of five years on such terms as may be agreed upon before the expiry of this period. During this period he will be entitled to leave on average pay up to 1-11th of the period spent on duty, up to a maximum of four months at a time, to which may be added on medical certificate leave on average or half average pay up to a maximum of three months reckoned in terms of leave on average pay. Three months' extraordinary leave without pay may be granted in addition to the above.

If engaged in Europe he will be given a free passage to India, and in the event of his services being dispensed with on the termination of his agreement he will receive a free return passage.

He will be required to pass the lower standard examination in Bengali within two years from the date of taking up duties.

Applications should be addressed to the Secretary to the Government of Bengal, Public Works Department, Writers' Buildings, Calcutta, and will be received by him up to the 21st June 1926.

Secretary to the Government of Bengal (offg.).

Calcutta, the 23rd March 1926.

### Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits ; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after five years of admission. The second quinquennial valuation of the fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

## PART VI.

***Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly and Bills published under Rule 18 of the Indian Legislative Rules.***

### GOVERNMENT OF INDIA.

#### LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Legislative Assembly on the 4th February, 1926 :—

No. 15 OF 1926.

*A Bill further to amend the Indian Penal Code.*

Whereas it is expedient further to amend the Indian Penal Code ; It is hereby enacted as follows :—

Short title and commencement.

**1.** (*1*) This Act may be called the Indian Penal Code (Amendment) Act, 192 . XLV of 1860.

(*2*) It shall come into force immediately.

Amendment of section 141, Act XLV of 1860.

**2.** In section 141 of the Indian Penal Code— XLV of 1860.

(*i*) for clause "*Third*" the following clause shall be substituted, namely :—

*Third* :—"To commit any offence punishable under Chapters XVI and XVII ";

(*ii*) in clause "*Fourth*" for the words "to enforce any right or supposed right" the words "to enforce or defend any right to which a person is not entitled" shall be substituted.

### STATEMENT OF OBJECTS AND REASONS.

This Bill is intended to remove the redundancy and ambiguity in two clauses of section 141 of the Indian Penal Code and to set at rest the sharp conflict of decisions between the various High Courts consequent thereupon. In the ensuing Notes on Clauses, reasons are given in support of the amendment.

H. S. GOUR.

*The 31st October 1924.*

## NOTES ON CLAUSES.

*Clause 3 (1).*—This clause declares an assembly to be unlawful if its common object is "to commit any mischief or criminal trespass, or other offence". Do the words "or other offence" mean *ejusdem generis*? If so, an assembly to commit murder, theft and other offences against the person and property punishable in Chapters XVI and XVII would be excluded. But this was certainly not the intention. On the other hand, if the words "other offence" include an offence not only punishable under the Penal Code, but also under the special or local law, with imprisonment for at least six months (*see* s. 40), then the sense is obviously too wide. I have elsewhere traced the history of this clause which I have amended in the Bill to mean what the Legislature had really intended. (1 Penal Law, 3rd Ed., p. 758, para. 1274.)

*Clause 3 (2).*—This is an important clause and its inapt concluding wording has given rise to a crop of cases. It declares an assembly unlawful if its common object is "to enforce any right or supposed right". The meaning of these words is not clear. In the first place, "any right" includes "a supposed right". Suppose, however, that the two are intended to contrast a real from an imaginary right, then does it prevent the enforcement of a real right by the use of force? If so, the clause contravenes the general exceptions enacted in sections 96—106 which presumably qualify it. The two parts of the Code are really contradictory and it has led to a sharp conflict in the decided cases, reference to which will make this note too long. I have, however, commented on it at greater length elsewhere (1 Penal Law, 3rd Ed., pp. 759—764, paragraphs 1275—1284), and my reasons there given must be my justification for drafting this Bill. I do not consider the retention of "supposed right" happy. For, when a person has no right at all, his supposition is a mere pretext and it has no existence in the eye of the law. The clause was really intended to imply that a person shall not enforce or defend his right to which he is not legally entitled by the use of force. On the other hand, if he has a legal right, its enforcement is legal and safeguarded by the general exceptions (sections 96—106). This is intended to be clarified in the clause as altered in the Bill.

## GOVERNMENT OF INDIA.

### LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Legislative Assembly on the 4th February, 1926 :—

### No. 16 of 1926.

*A Bill to amend certain provisions of the Indian Penal Code relating to offences under Chapters VI and VIII of the said Code.*

WHEREAS it is expedient to amend certain provisions of the Indian Penal Code relating to offences under Chapters VI and VIII of the said Code ; It is hereby enacted as follows :— XLV of 1860.

Short title and extent.

**1.** (*1*) This Act may be called the Indian Penal Code (Amendment) Act, 192 .

(*2*) It shall extend throughout the whole of British India, and shall have operation outside British India to the same extent as the Indian Penal Code. XLV of 1860.

Substitution of new section for section 124A, Act XLV of 1860.

Sedition.

**2.** For section 124A of the Indian Penal Code the following section shall be substituted, namely :— XLV of 1860.

"124A. Whoever by words, either spoken or written, or by signs, or by visible representation, or otherwise, excites, or attempts to excite, feelings of disaffection to the Government established by law in British India, with intent to incite to disorder, or violence, or the use of force in any form calculated to subvert or resist the lawful authority of the Government, shall be punished with simple imprisonment which may extend to three years, or with fine, or with both.

*Explanation.*—Comments expressing disapprobation of the measures of the Government or of the system or methods of administration of the Government with a view to obtain their alteration by all legitimate and peaceful means, without inciting to violence or disorder in any form, do not constitute an offence under this section."

Substitution of new section for section 153A, Act XLV of 1860.

Promoting enmity between classes.

**3.** For section 153A of the said Code the following section shall be substituted, namely :—

"153A. Whoever by words, either spoken or written or by signs or visible representation, or otherwise, promotes or attempts to promote feelings of enmity or hatred between different classes with intent to incite to disorder or violence or disturbance of public tranquillity, shall be punished with simple imprisonment which may extend to two years, or with fine, or with both.

*Explanation.*—It does not amount to an offence within the meaning of this section to point out, without malicious intent or any intention to promote violence or disorder or a disturbance of public tranquillity, matters which are producing, or have a tendency to produce, feelings of enmity and hatred between different classes of His Majesty's subjects."

## STATEMENT OF OBJECTS AND REASONS.

In February 1921, a Resolution was moved and carried in the Council of State urging the examination and the amendment or repeal of all repressive laws on the Indian Statute-book. The Government of India, in March 1921, appointed a Committee, presided over by Sir Tej Bahadur Sapru, to examine certain specified Laws and Regulations of a " repressive " or preventive character and to make recommendations as to their amendment, repeal or continuance in force. The Committee, strictly confining itself to its terms of reference, recommended some of these Acts and Regulations or parts thereof for repeal, while as to others they recommended their retention and application to strictly limited and temporary purposes and conditions. The authorities have, however, in many recent cases applied some of the provisions of these laws in contravention of this recommendation.

The present Bill is one of a series of Bills intended to remove such repressive legislative provisions from the Indian Statute-book, and seeks to amend the Indian Penal Code in respect of the definition and punishment of the offences of sedition and promoting class hatred.

2. The law of sedition was first defined and incorporated in the Penal Code in 1870 at the instance and on the high authority of Sir Fitz James Stephen. The definition of the offence was made in simple and general terms, followed by an equally general explanation. Its actual scope was then explained by Sir Fitz James Stephen as Law Member, according to the law as it stood and continues to stand in England, in the following clear terms :—

> " So long as a writer or speaker neither directly nor indirectly suggested or intended to produce the use of force, he did not fall within this section * * Let it be shown that the matter complained of was not consistent with a disposition to obey the law ; let it be shown that it was consistent *only* with a disposition *to resist the law by force*, and it did fall under this section. Otherwise not."

The Judges to whom fell later the task of interpreting the section, however, construed the scope of the section as extending far beyond the limits intended by the distinguished framers of the section. They were, of course, not bound by the proceedings or speeches made in the Legislative Council and they gave the words a much wider meaning than was indended. Not satisfied with this, the Government further enlarged the scope of the law by the amendment of 1898, which was made in the teeth of the unanimous opposition on the part of the then representatives of the people in the Legislative Council.

3. It is unnecessary to detail here the history of the application at the instance of successive administrations of section 124A of the Penal Code to suppress political agitation in India. It is sufficient to say that, with the acceptance of the policy of responsible Self-Government in India, the restoration of the law of sedition to the position it occupies in other countries and ought to have occupied in India all along, has become imperative.

4 The terms of the proposed amendments in the Bill do not require lengthy explanation.

*Clause 2* states the law of sedition in terms of section 124A as it existed in the Act before it assumed its repressive form in 1898 with the addition of a qualifying clause to prevent the extension of its meaning beyond the limits then intended and now followed in all well-governed countries. The limits of justifiable disaffection have been re-defined in the words used by Sir Fitz James Stephen and by the Judges in England. The clause also provides for the only proper punishment that is now imposed in all civilised countries on political offenders for political offences.

*Clause 3* defines the law as to the promotion of class hatred on similar lines.

## GOVERNMENT OF INDIA.

### LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Legislative Assembly on the 4th February 1926 :—

No. 25 OF 1926.

*A Bill further to amend the Imperial Bank of India Act, 1920.*

WHEREAS it is expedient further to amend the Imperial Bank of India Act, 1920, for certain purposes hereinafter appearing ; It is hereby enacted as follows :— XLVII of 1920.

Short title and commencement.

**1.** (*1*) This Act may be called the Imperial Bank of India (Amendment) Act, 192 .

(2) It shall come into force on such date as the Governor General in Council may, by notification in the Gazette of India, appoint.

Insertion of new clauses in sub-section (*2*) of section 10, Act XLVII of 1920.

**2.** After clause (*b*) of sub-section (*2*) of section 10 of the Imperial Bank of India Act, 1920 (hereinafter referred to as the said Act), the following clauses shall be inserted, namely :— XLVII of 1920.

"(*c*) that from the date of the promulgation of this Act as amended the total number of European Officers shall not at any period exceed the number employed at the time of amalgamation of the Presidency Banks ;

(*d*) that the London Branch shall provide training for at least 5 Indian graduates from recognised Universities every year."

Amendment of section 28 (*1*), Act XLVII of 1920.

**3.** In clause (*v*) of sub-section (*1*) of section 28 of the said Act, after the words "Central Board" the words "of whom one at least shall be an Indian" shall be inserted.

## STATEMENT OF OBJECTS AND REASONS.

The Imperial Bank of India Act, 1920, was passed with a view to regulate the relations of the Secretary of State with the then Presidency Banks that were amalgamated with the Imperial Bank. This Bank now practically acts as the State Bank of India and enormous Government balances are entrusted to it. It is not unreasonable to ask that Indians might be given wider opportunities in a Bank of this kind. The Act as amended now will remove some of these standing grievances.

## DEPARTMENT OF AGRICULTURE, BENGAL.

### Forecast of the *Rabi* crops of Bengal for 1925-26.

(NOTE.—On an average of the five years ending 1923-24, the area under summer rice in Bengal has represented some 0·5 per cent. of the total area under rice in British India.

**Character of the season.**—There was good rainfall in the beginning of October and preparatory tillage and sowings were carried out at normal time. Subsequently a period of drought till the end of the year was detrimental to early spring crops over the greater part of the province. Winter rain improved prospects to some extent but was too late to cause complete recovery. Good showers in March benefited the late-sown crops, especially summer rice and vegetables. On the whole, a fair crop is anticipated.

**Acreage.**—The normal area under the different *rabi* crops in the province dealt with in this forecast is estimated at 3,030,900 acres. The area actually sown this year is reported to be 2,733,600 acres as against 2,649,300 acres (revised) last year Of this, the area under summer (*boro*) rice is returned at 374,900 acres as against 396,900 acres (revised) last year.

**Outturn.**—According to the estimates of District Officers, the outturn of the different *rabi* crops for the province as a whole works out to 76 per cent. of the normal as against 77 per cent. of the last year, the returns from the more important *rabi* districts being as follows :—

Nadia 65, Murshidabad 58, Jessore 57, Khulna 80, Burdwan 66, Midnapore 75, Rajshahi 59, Jalpaiguri 91, Rangpur and Pabna each 100, Malda 68, Dacca 78, Mymensingh 60, Faridpur 76, Bakarganj 89, Tippera 63 and Noakhali 97.

**Summer rice crop.**—The outturn of summer rice according to district estimates is 72 per cent. of the normal against 76 per cent. last year. The gross yield of the crops for the province, on the basis of a normal yield of 14 maunds of clean grain per acre, is thus estimated at 138,800 tons this year against 155,100 tons (revised) last year.

*South*—By the Zemindary road up to Chaltia Beel, Ukilabad Kachari road and District Board Choapur road.

*West*—By the river Bhagirathi.

The boundaries whereof are delineated in red line in the deposited map.

5. **Power to lay mains outside area of supply.**—The licensee will erect the generating station within the area covered by the license. The licensee shall have power to lay supply lines up to Banjetia Garden house, a place outside the area of supply (section 3 (*1*) of the Act).

6. (*1*) **Limit within which the supply of energy is to be compulsory.**—The works to be executed to the satisfaction of the Government under clause IV of the schedule to the Act are the feeders, distributors, and mains in the public streets within the area of supply of which a list is appended in the Schedule below.

(*2*) If the licensee fails to comply with the provisions of sub-clause (*1*) the license may be revoked.

7. (*1*) **Nature of supply and limits of price to be charged for the supply of energy.**—The nature of supply shall be continuous current at a pressure of either 220 Volts or 440 Volts at the option of the licensee or such other as the Local Government may allow.

(2) The prices to be charged by the licensee for energy supplied by him shall not exceed the following maxima :—

(*a*) Domestic supply to public, twelve annas per unit.
(*b*) Power supply, six annas per unit.
(*c*) Street lighting, six annas per unit.

Or in the case of a method of charge approved by the Government in accordance with sub-sections (*3*) and (*4*) of section 23 of the Act, such maxima as the Government may fix on approving the matter. The licensee may levy a maximum charge of Rs. 3 per quarter (excluding meter rent) even when energy to that value has not been consumed.

8. **Breaking up of streets and railways and crossing waterways.**—The licensee shall have power to open and break up the soil and pavement of all streets not repairable by Government or a local authority situated within the area of supply. He shall have power to cross all waterways and to open and break up the soil and pavement of the Eastern Bengal Railway as far as situated within the area of supply.

9. (*1*) **Purchase of the undertaking.**—Option of purchase given by section 7, sub-section (*1*) of the Act shall first be exercisable on the expiration of 50 years from the date of notification of this license and on the expiration of every subsequent period of 20 years. The percentage to be added on account of compulsory purchase to the value (as determined in accordance with and for the purposes of sub-section (*1*) of section 7 of the Act) of lands, buildings, works, materials and plant of the licensee shall in accordance with the second proviso of the said sub-section be 20 per cent.

(*2*) In accordance with clause (*d*) (*ii*) of sub-section (*2*) of section 3 of the Act, it is hereby declared that the generating station to be used in connection with the undertaking shall not form part of the undertaking for the purpose of purchase under section 5 or section 7.

## IRRIGATION DEPARTMENT.

### ESTABLISHMENT.

### NOTIFICATIONS.

*No. 5.—The 8th April 1926.*—Babu Surendra Kumar Guha, Assistant Executive Engineer, is transferred in the interests of the public service from the Dredger Division to the Damoodar Canal Subdivision No. 1, with effect from the 16th April 1926.

**[Sixth publication.]**

*No. 51.—The 6th March 1926.*—The following draft of rules and schedule of rates of tolls, which, in exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council intends to make and fix, for the Damodar Channel joining the Katcha and Baleswar rivers in the Perojpur subdivision of the Bakarganj district, is hereby published for the information of persons likely to be affected thereby.

II. The draft will be taken into consideration on or after the 22nd April 1926, and any objections or suggestions received before that date will be considered :—

*Draft rules and schedule of rates of tolls.*

1. Every vessel on entering the channel and before passing the gate at either end or even when entering the channel from a side khal between the gates shall be liable to measurement for the purpose of ascertaining the tolls payable ; in case of any reasonable doubt arising, a vessel may be measured again by any person appointed by the District Board of Bakarganj, on this behalf.

2. Vessels for the purpose of the determination of maundage shall be divided into two classes as below :—

*Class I.*—To include all vessels of the types of country boats, including saltees and hapors (fish cages), house boats, kosh boats, green boats, etc.

*Class II.*—To include steam boats, motor boats, flats and barges and other square built vessels.

3. The maundage of every vessel, whether laden or empty, shall, for the purpose of Act V (B.C.) of 1864 and of these rules, be determined by the following measurements :—

CLASS I.

A. The product of one quarter the length of the vessel from stem to stern, measured along the water line, multiplied by the interior greatest breadth of the vessel, multiplied by the depth from the water-line to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

B. The measurement of the length is to be made in feet, rejecting inches ; the measurement of breadth and depth is to be made in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

C. The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral muntiple of 12½ maunds, any remainder of less than 12½ maunds being rejected. In the case of vessels exceeding 500 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 50 maunds, rejecting any remainder of less than 50 maunds.

D. **Saltees.** The product of one quarter of the inside length of the vessel, measured along the centre line from stem to stern, multiplied by the interior greatest breadth of the vessel, multiplied by the greatest depth measured from the top to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

CLASS II.

For vessels of Class II the number of maunds obtained by the system of measurement prescribed for vessels of class I shall be increased by one-half. For vessels of this class above 5,000 maunds measurement, the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting remainder of less than 500 maunds. In the case of steamers and motor boats, the maundage determined as above shall be reduced by one-third as an allowance for engine space.

For vessels of class II which are furnished with reliable way bills, the gross maundage of cargo shown by the way bills or in the case of steamers, the maundage obtained from multiplying the registered tonnage of the steamer by 27, may, at the option of the employer of the vessel or the steamer (as the case may be), be taken as the maundage on which tolls will be charged.

4. After the measurement the person in charge of the vessel shall be provided with a slip showing the maundage to be charged, which must be presented at the toll office where he will be provided with a ticket, after payment of toll, which will permit the vessel to pass the gate or proceed through the channel.

5. Every ticket shall have entered on it the name of the sarang, manjee or other person in charge of the vessel, the date of entry, the maundage, the cargo, the amount of toll charged and the number of days for which the ticket remains current.

6. All tolls are payable on demand and shall be paid at the toll office before a vessel is permitted to proceed.

7. The ticket must be kept on board the vessel and in possession of the person in charge of the vessel and must be produced for inspection when demanded by the person authorised to collect tolls, or by any officer to whom such person is subordinate. If on demand the ticket is not produced, such person or officer shall assess the tollage as provided in rules 3 and 12 and shall require payment of toll, and unless and until the toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel shall be liable to seizure and detention under the provisions of section 9 of the Act.

8. Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the collector of tolls on payment of a fee equal to one quarter of the total tollage, subject to a minimum fee of one anna per ticket

9. All vessels, whether the property of Government, District Board, other local bodies or of private persons, are liable for toll except those specially exempted under these rules or by a resolution passed by the District Board of Bakarganj from time to time.

10 The canal may be closed once a year for effecting the necessary repairs to it on seven days' notice of the intention so to close it being given; but in the event of any sudden emergency the canal may be closed at any time without prior notice, and no claim in such case by owners of vessels or others for compensation on account of detention shall be entertained.

11. No rafts exceeding 50 feet in length and 5 feet in breadth shall be permitted to enter the canals.

12. The rates of toll shall be as follows :—

| | |
|---|---|
| (1) On all vessels empty or laden, per hundred maunds ... ... ... ... | Eight annas. |
| (2) On all vessels empty or laden, for 12½ maunds or less ... ... ... ... | One anna. |
| (3) On rafts of bamboos, grass, timber, etc., not exceeding 50 feet in length and 5 feet in breadth ... ... ... ... | Four annas each raft. |

Tolls will be levied at Hulerhat and Perojpore.

13. For boats frequently using the canal such as boats carrying passengers, grass or perishable articles monthly tickets will be issued at 10 times the ordinary toll.

14. Every vessel which has paid toll shall be allowed to remain in the canal for three days inclusive of the days of entry into and leaving the canal. A vessel remaining in any part of the canal longer than three days shall be charged demurrage equal to one-half of the toll for each day in excess of three days. No vessel shall be permitted to remain in the canal for more than one month. Provided that this rule shall not apply to vessels holding monthly tickets under rule 13 above, which may remain in the canal for more than three days without payment of demurrage but not for more than one month at a time.

15. No vessel carrying exclusively police officers or servants, soldiers and officers of the British Army, post mail runners, officers of the Irrigation Department on duty, officers and servants of the toll office for the canal referred to in these rules while on duty, or the vessels of such other persons as may be exempted by a resolution of the District Board of Bakarganj, shall be liable for toll in the canal.

16. Any matter relating to the mode of collection of tolls and other relevent points, not provided for in these rules, shall be decided by the District Board of Bakarganj at a meeting, and shall be subject to the approval of the local Government.

*No. 91.—The 6th March 1926.*—The following draft of rules and schedule of rates of tolls, which, in exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council intends to make and fix, for the side cut along the Barisal-Patuakhali road, joining Lebukhali and Patuakhali rivers in the Patuakhali subdivision of the Bakarganj district, is hereby published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on or after the 22nd April 1926, and any objections or suggestions received before that date will be considered :—

*Draft rules and schedule of rates of tolls.*

1. Every vessel on entering the channel and before passing the gate at either end or even when entering the channel from a side khal between the gates shall be liable to measurement for the purpose of ascertaining the tolls payable; in case of any reasonable doubt arising, a vessel may be measured again by any person appointed by the District Board of Bakarganj on this behalf.

2. Vessels for the purpose of the determination of maundage shall be divided into two classes as below :—

*Class II.*—To include steam boats, motor boats, flats and barges and other square built vessels.

3. The maundage of every vessel, whether laden or empty, shall, for the purpose of Act V (B. C.) of 1864 and of these rules, be determined by the following measurements :—

CLASS I.

A. The product of one quarter the length of the vessel from stem to stern, measured along the water line, multiplied by the interior greatest breadth of the vessel, multiplied by the depth from the water-line to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

B. The measurement of the length is to be made in feet, rejecting inches ; the measurement of breadth and depth is to be made in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

C. The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of 12½ maunds, any remainder of less than 12½ maunds being rejected. In the case of vessels exceeding 500 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 50 maunds, rejecting any remainder of less than 50 maunds.

D. **Saltees.**—The product of one quarter of the inside length of the vessel, measured along the centre line from stem to stern, multiplied by the interior greatest breadth of the vessel, multiplied by the greatest depth measured from the top to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

CLASS II.

For vessel of class II the number of maunds obtained by the system of measurement prescribed for vessels of class I shall be increased by one-half. For vessels of this class above 5,000 maunds measurement, the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting any reminder of less than 500 maunds. In the case of steamers and motor boats the maundage determined as above shall be reduced by one-third as an allowance for engine space.

For vessels of class II which are furnished with reliable way bills, the gross maundage of cargo shown by the way bills or in the case of steamers, the maundage obtained from multiplying the registered tonnage of the steamer by 27, may, at the option of the employer of the vessel or the steamer (as the case may be), be taken as the maundage on which tolls will be charged.

4. After the measurement the person in charge of the vessel shall be provided with a slip showing the maundage to be charged, which must be presented at the toll office where he will be provided with a ticket, after payment of toll, which will permit the vessel to pass the gate or proceed through the channel.

5. Every ticket shall have entered on it the name of the sarang, manjee or other person in charge of the vessel, the date of entry, the maundage, the cargo, the amount of toll charged and the number of days for which the ticket remains current.

6. All tolls are payable on demand and shall be paid at the toll office before a vessel is permitted to proceed.

7. The ticket must be kept on board the vessel and in possession of the person in charge of the vessel and must be produced for inspection when demanded by the person authorised to collect tolls, or by any officer to whom such person is subordinate. If on demand the ticket is not produced, such person or officer shall assess the tollage as provided in rules 3 and 12 and shall require payment of toll, and unless and until the toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel shall be liable to seizure and detention under the provisions of section 9 of the Act.

8. Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the collector of tolls on payment of a fee equal to one quarter of the total tollage, subject to a minimum fee of one anna per ticket.

9. All vessels, whether the property of Government, District Board, other local bodies or of private persons, are liable for toll except those specially exempted under these rules or by a resolution passed by the District Board of Bakarganj from time to time.

10. 11. No rafts exceeding 50 feet in length and 5 feet in breadth shall be permitted to enter the canals.

12. The rates of toll shall be as follows:—

| | |
|---|---|
| (1) On all vessels, empty or laden, per 100 maunds ... | Eight annas. |
| (2) On all vessels, empty or laden, for 12½ maunds or less ... ... ... ... | One anna. |
| (3) On rafts of bamboos, grass, timber, etc., not exceeding 50 feet in length and five feet in breadth ... ... ... ... | Four annas each raft. |

Tolls will be levied at Lebukhali and Lowkati kismat.

13. For boats frequently using the canal such as boats carrying passengers, grass or perishable articles monthly tickets will be issued at ten times the ordinary toll.

14. Every vessel which has paid toll shall be allowed to remain in the canal for three days inclusive of the days of entry into and leaving the canal. A vessel remaining in any part of the canal longer than three days shall be charged demurrage equal to one-half of the toll for each day in excess of three days. ## NOTIFICATIONS.

*No. 4363L.R.—The 7th April 1926.*—In exercise of the power conferred by section 18 of the Chittagong Hill Tracts Regulation, 1900 (Regulation I of 1900), read with section 21 of the General Clauses Act, 1897 (X of 1897), the Governor in Council is pleased to make the following amendment in the rules for the administration of the Chittagong Hill Tracts, published under notification No. 123 P.D., dated the 1st May 1900, as subsequently amended, namely :—

**Chittagong Hill Tracts.**

For rule 42 of the said rules the following shall be *substituted*, namely :—

42. (1) Every jumia who has by custom to pay jum rent shall pay it to the headman in whose mauza he resides, and the headman shall pay the jum rent thus received to the circle chief, after deducting the headman's share.

(2) Should the headman of a mauza be unable to realize the jum rent from any jumia he shall apply to the circle chief for assistance, who shall realise the same by the process of distraint on the jumia.

(3) Headmen shall submit jum tauzis every year to their chief in the form approved by the Deputy Commissioner.

(4) The chiefs shall similarly submit jum tauzis every year to the Deputy Commissioner.

(5) Each chief shall declare what classes of persons are by custom entitled to exemption from jum tax, and headmen shall collect the tax having regard to the chief's list of exempted classes.

(6) If a jumia jums in one mauza and lives in another, he shall pay the full rent to the headman in whose mauza he lives, and also half the rent to the headman in whose mauza he jums, unless however that mauza is in a different chief's circle, in which case he shall pay full rent in both mauzas. Such rents are to be collected by the headman concerned, and such persons are to be entered in the jum tauzi of each mauza.

(7) For special reasons recorded by him in writing, after notice to the chief concerned, the Deputy Commissioner may direct that the headman of a mauza shall pay the jum rents to him and not to the chief, in which case the Deputy Commissioner will remit to the chief his share of the rent

(8) The rate of the jum rent, and the manner of its distribution between the chiefs and headmen shall be regulated by Government from time to time.

(9) Every jumia is liable to render labour for such period as may be prescribed by Government, on the requisition of any Government servant, the chief or the headman, and when so employed he shall receive wages at a rate prescribed from time to time by the Deputy Commissioner. The practice of *begar*, or forced unpaid labour, is abolished.

42 A. All residents of the Chittagong Hill Tracts, other than Government servants and shopkeepers living in bazars, are liable to the obligations imposed on jumias in rule 42 (9) as far as they relate to requisitions by Government servants for labour.

### RAILWAY

### NOTIFICATION.

*No. 4R.—The 8th April 1926.*—The following resolution issued by the Government of India, Railway Department (Railway Board), is republished for general information.

A. N. DAS,
*Secretary to the Government of Bengal (offg.).*

*Delhi, the 25th March 1926.*

RESOLUTION.—By the Government of India, Railway Department (Railway Boaad).

*No. 606T.*—In pursuance of the recommendation of the Indian Railway Committee the Government of India have decided to appoint a Railway Rates Advisory Committee to investigate and make recommendations on—

(1) Complaints of "undue preference"—section 42 (*2*) of the Indian Railways Act ;

(2) Complaints that rates are unreasonable in themselves ;
(3) Complaints or disputes in respect of terminals—section 46 of the Indian Railways Act ;
(4) The reasonableness or otherwise of any conditions as to packing of articles specially liable to damage in transit or liable to cause damage to other merchandise ;
(5) Complaints in respect of conditions as to packing attached to a rate ; and
(6) Complaints that railways do not fulfil their obligations to provide reasonable facilities under section 42 (*3*) of the Indian Railways Act.

2. Sir Narasimha Sarma, lately Law Member of the Executive Council of the Governor General, has agreed to serve on the Committee as President and there will be two Members, one representing Commercial interests and one representing Railway interests. The Railway Member will be Mr. S. D. Manson, at present Director of Traffic with the Railway Board, and it is proposed to select the Commercial representative for individual investigations from panels elected or nominated by the principal Commercial bodies.

3. The headquarters of the Committee will ordinarily be at Calcutta but it may conduct its investigations at other commercial or industrial centres when this is found more convenient.

4. An application for a reference to the Rates Advisory Committee must be in writing or printed and signed by the applicant or his recognised agent and shall be addressed to the Agent of the railway concerned. Each such application must be accompanied by a deposit of Rs. 100.

5. Within three months of the receipt of such application the Agent of the railway shall prepare a statement of the case and submit it with his observations thereon to the Secretary to the Railway Board.

6. After consideration of the application and the Agent's observations thereon, the Government of India will determine whether or not it should be referred to the Rates Advisory Committee for consideration.

7. Should the Government of India be of opinion that the application ought not to be referred to the Rates Advisory Committee, the applicant will be informed accordingly.

8. Should the Government of India be of opinion that the application ought to be referred to the Rates Advisory Committee, the respective parties thereto will be so informed, and the Committee will be instructed to deal with it.

9. If, before the expiry of the said three months, the Agent is able to dispose of the matters raised in the application to the satisfaction of the applicant and the applicant withdraws his application in writing, such application need not be referred to the Government of India and the deposit shall be refunded.

10. After receipt of an application and the observations of the Agent thereon from the Government of India the Rates Advisory Committee may, if they consider it desirable, furnish the applicant with a copy of the observations, and the applicant shall be at liberty within 14 days after he shall have received such copy to reply thereto as he may be advised.

11. The Rates Advisory Committee shall fix the date, time and place for the hearing of each application and notify the same to the parties concerned.

12. The Committee after the case has been heard shall deliver its opinion regarding all the points raised therein and state the grounds on which such opinion is based and forward the opinion for consideration by the Government of India in the Railway Department. The applicant will be notified of the final orders passed on his application.

13. The President of the Committee and the Railway Member will begin immediately with the preliminary work of the Committee and notification will be made in due course of the date from which application for reference to the Committee may be submitted.

NOTIFICATION.

**Election to the Bengal Legislative Council from the Dacca University constituency.**

ONE member will be elected to the Bengal Legislative Council from the Dacca University constituency in 1926. Under the terms of paragraph 12 of Schedule II of the Bengal Electoral Rules, a person is qualified as an elector for the Dacca University constituency who (1) has a place of residence in Bengal and is a member of the Court or a registered graduate of the University, or (2) has a place of residence in the Dacca Division or in the Chittagong Division, is a registered graduate of some other University and would have been qualified to be registered as a graduate of Dacca University but for the fact that, before the 1st April 1920, he had been registered as a graduate of that other University. No person can vote at any general election both in the Calcutta University and in the Dacca University constituency. In order to ensure inclusion of their names in the electoral roll of the Dacca University constituency for the forthcoming election to the Bengal Legislative Council, registered graduates, who are liable to pay the annual fee, are advised to pay the fee due for the academic year 1926-27, with arrears, if any, on or before the 15th June 1926. Graduates qualified to become registered graduates of Dacca University, under the terms of statutes 14 and 14A, of which copies may be had on application to the undersigned, are also advised to apply for registration on payment of the prescribed fee, on or before the 15th June 1926. According to University Ordinance, the fee for the renewal of registration of graduates for any session must be paid not later than the 30th of July of that session. The names of registered graduates who do not pay the fee for the session 1926-27 will not be included in the final electoral roll of the Dacca University constituency. Attention is drawn to the fact that, under statute 14, sub-clause (*a*), qualified non-Muhammadan graduates of other Indian Universities, who are not already registered, will not be entitled to become registered graduates of Dacca University after the 30th June 1926. Women graduates and women members of the Court will be entitled to the franchise on the same terms as men.

Officers of Asiatic domicile draw basic pay but not overseas pay.

The post is non-pensionable, but the incumbent will be required to subscribe each month 1-12th of his pay to a provident fund to which Government will add half-yearly a bonus of 75 per cent. of the subscriptions by the officer for the half year. Interest at the prescribed rate will be added yearly.

The incumbent of the post is entitled to Calcutta house allowance in accordance with the rules in force. A conveyance allowance of Rs. 75 per month is attached to the post on condition a motor car is maintained, and the officer is entitled to draw travelling allowance according to the Fundamental Rules for journeys beyond a five mile radius of his headquarters.

Before actually taking up his appointment the selected candidate will be expected to work for two months (September, October 1926) with the present Executive Engineer, during which period he will receive consolidated pay limited to Rs. 750 a month.

Thereafter he will be appointed on an agreement for five years in the first instance terminable at any time within the period of five years by six months' notice on either side, but extensible beyond the period of five years on such terms as may be agreed upon before the expiry of this period. During this period he will be entitled to leave on average pay up to 1-11th of the period spent on duty, up to a maximum of four months at a time, to which may be added on medical certificate leave on average or half average pay up to a maximum of three months reckoned in terms of leave on average pay. Three months' extraordinary leave without pay may be granted in addition to the above.

If engaged in Europe he will be given a free passage to India, and in the event of his services being dispensed with on the termination of his agreement he will receive a free return passage

He will be required to pass the lower standard examination in Bengali within two years from the date of taking up duties.

Applications should be addressed to the Secretary to the Government of Bengal, Public Works Department, Writers' Buildings, Calcutta, and will be received by him up to the 21st June 1926.

Secretary to the Government of Bengal (offg.).

## Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after five years of admission. The second quinquennial valuation of the fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

## PART VI.

***Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly and Bills published under Rule 18 of the Indian Legislative Rules.***

### GOVERNMENT OF INDIA.

#### LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Legislative Assembly on the 4th February, 1926 :—

No. 11 OF 1926.

*A Bill to repeal and amend certain provisions of the Indian Criminal Law Amendment Act, 1908, and the Code of Criminal Procedure, 1898.*

WHEREAS it is expedient to amend certain provisions of the Indian Criminal Law Amendment Act, 1908, and of section 491 of the Code of Criminal Procedure, 1898; It is hereby enacted as follows :— XIV of 1908. V of 1898

Short title

**1.** This Act may be called the Criminal Law Repealing and Amending Act, 192

Amendment of section 15, Act XIV of 1908.

**2.** Sub-clause (*b*) of clause (*2*) of section 15 of the Indian Criminal Law Amendment Act, 1908 (hereinafter referred to as the said Act), is hereby repealed. XIV of 1908.

Insertion of new section 16A in Act XIV of 1908.

**3.** After section 16 of the said Act the following section shall be inserted, namely :—

Appeal to the High Court.

"16A. Any person deeming himself aggrieved by an order of the Governor General in Council declaring such association to be unlawful, and any person convicted under the provisions of section 17 may appeal to the High Court on the ground that the declaration should never have been made".

Amendment of section 491, Act V of 1898.

**4.** In sub-section (*3*) of section 491 of the Code of Criminal Procedure, 1898, after the words "Nothing in this section applies to persons" the following shall be inserted, namely :— V of 1898.

"other than British subjects".

## STATEMENT OF OBJECTS AND REASONS.

(1) By Resolution No. 533 Political, dated the 21st March, 1921, a Committee was appointed to examine certain repressive laws. The Committee issued its report in the course of which it recommended their repeal but counselled for the nonce the retention of Part II of the Indian Criminal Law Amendment Act, 1908, adding that it may be possible for the Government to undertake the necessary legislation for their repeal during the Delhi session of 1922. (*See* paragraph 26, sub-paragraph 2, of the Report.) As the Government did not undertake the necessary legislation, I introduced a Bill for the repeal of Part II of the Indian Criminal Law Amendment Act. It was passed on the 23rd September, 1924, by 71 to 40 votes, the Government opposing it. The Bill was next sent to the Council of State for their concurrence, but that body has rejected it. It is proposed, for the present, to introduce this revised measure in the hope that it might be acceptable to Government.

(2) The provisions of section 491 of the Code of Criminal Procedure are in the nature of Habeas Corpus controlled in England by the Habeas Corpus Act of 1679, the operation of which can only be temporarily suspended by the Legislature on the ground of urgent political necessity. (*See* 10 Halsbury's Laws of England, s. 98, p. 44.) The Habeas Corpus Act merely re-enacts the 29th section of the Magna Charta which provides that no person shall be taken or imprisoned unless by lawful judgment of his Peers or the law of the land. "The King," said Chief Justice Markam, "cannot arrest a man upon suspicion of felony or treason, as any of his subjects may; because if he should wrong a man by such arrest, he can have no remedy against him." [*See* Hallam's Constitutional History of England, Ch. VII, page 274 (Ward Lock & Co.).] In England the Habeas Corpus Act is a bulwark of the people's liberties. Its corresponding provisions in this country should give at least the British subjects in India a similar protection.

### LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Legislative Assembly on the 4th February, 1926 :—

No. 12 OF 1926.

*A Bill further to amend the Code of Criminal Procedure, 1898, for certain purposes.*

WHEREAS it is expedient further to amend the Code of Criminal Procedure, 1898, for certain purposes hereinafter appearing ; It is hereby enacted as follows :— V of 1898.

Short title, extent and commencement.

**1.** (*1*) This Act may be called the Code of Criminal Procedure (Amendment) Act, 19 .

(*2*) It extends to the whole of British India.

(*3*) It shall come into force as soon as it receives the assent of the Governor General.

Amendment of section 367, Act V of 1898.

**2.** In section 367 of the Code of Criminal Procedure, 1898, for sub-section (*5*) the following shall be substituted, namely :— V of 1898.

"(*5*) If the accused is convicted of an offence punishable with death or with an alternative punishment and the Court sentences him to death, the Court shall in its judgment state the reason why sentence of death was passed."

## STATEMENT OF OBJECTS AND REASONS.

The object of the Bill is not the total abolition of capital punishment, but to enact that it shall not be imposed except where it is absolutely needed in the circumstances of the case. Under the present law death sentence is the rule and the alternative the exception. Humanity requires that death sentence shall not be pronounced unless the Court considers it to be the only appropriate punishment in the case. There are, moreover, good reasons to believe that there are Judges who feel conscientious objections to pronounce sentence of death in some cases where under the law they have no alternative. It is desirable to enable them to pass such sentence under the law which their conscience and judgment dictate.

### LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Legislative Assembly on the 4th February 1926 :—

### No. 18 OF 1926.

*A Bill further to amend the Code of Criminal Procedure, 1898.*

WHEREAS it is expedient to amend Chapter XXXVII of the Code of Criminal Procedure, 1898, relating to directions in the nature of a Habeas Corpus; It is hereby enacted as follows :— V of 1898.

Short title and extent.

**1.** (*1*) This Act may be called the Code of Criminal Procedure (Amendment) Act, 192 .

(*2*) It shall extend to the whole of British India.

Amendment of section 491, Act V of 1898.

**2.** For sub-section (*3*) of section 491 of the Code of Criminal Procedure, 1898, the following sub-section shall be substituted, namely :— V of 1898.

"(*3*) When a British Indian subject is detained by any authority otherwise than under a judicial order of any Court in British India, he shall be produced by such authority on an application made by the person so detained or on his behalf to the High Court or Sessions Court within whose jurisdiction the person was arrested, ordinarily resides or is detained, and, if such Court thinks that there is no just ground for his detention under the law under which he is said to be detained, he shall be forthwith set at liberty :

Provided that the operation of the provisions of the sub-section may be suspended in British India or in any part of it by the Governor General in Council by a notification in the Gazette of India in cases of grave emergency; such suspension shall cease to have any force if the assent of both Chambers of the Indian Legislature is not obtained within two months of the date of notification."

---

### STATEMENT OF OBJECTS AND REASONS.

There is no law like the Habeas Corpus Act for securing the liberty of person of His Majesty's British Indian subjects against unlawful or unjustifiable detentions except the meagre provision contained in section 491 of Act V of 1898. In England, in any matter involving the liberty of the subject, the action of the Crown, of its ministers or high officials of the Privy Council or the Executive Government, is subject to the supervision and control of the Judges on Habeas Corpus. It is a remedy available to the meanest subject against the most powerful, and the writ is applicable as a remedy in all cases of wrongful deprivation of personal liberty. It is but just and proper that there should be some analogous provision for the protection of the liberty of person of His Majesty's British Indian subjects in India. The necessity for amending the law has been occasioned by the arbitrary exercise of its powers of detention under various laws by Executive authorities in recent times. The amendment provides for a judicial pronouncement on the justifiability or otherwise of executive acts. It is said that papers of all cases of such detention are placed before two Sessions Judges, and the proposed amendment only seeks to give a statutory sanction to the practice said to be in vogue. Provision has also been made in the proposed Bill for suspension of the whole or a portion of the section in cases of grave emergency by the Governor General in Council in or any part of British India, and excludes all cases where there has been any judicial order for detention.

Amendment of section 45, Act I of 1877.

**2.** In section 45 of the Specific Relief Act, 1877 (hereinafter referred to as the said Act), I of 1877.

(*a*) for the words "Any of the High Courts of Judicature at Fort William, Madras, Bombay and Rangoon" the words "Any Court of final appellate jurisdiction in British India, hereinafter called the High Court," shall be substituted ; and

(*b*) the word "local" and the word "original" shall be omitted.

Substitution of new section for section 48, Act I of 1877.

**3.** For section 48 of the said Act the following shall be substituted, namely :—

Execution of, and appeals from orders.

"48. (1) Every order under this Chapter made by any of the High Courts of Judicature at Fort William, Madras, Bombay and Rangoon may be executed and appealed from, as if it were a decree made in the exercise of the ordinary original civil jurisdiction of the High Court.

(2) Where an order under this Chapter is made by a single Judge of any other High Court, an appeal shall lie to a Bench of such Court where such High Court consists of not less than three Judges and, in any other case, to such High Court as the Governor General in Council may by rule prescribe.

The appeal shall be heard by a Bench of two or more Judges, and shall be decided in accordance with the opinion of such Judges or of the majority, if any, of them ; but if the Judges shall be equally divided, the opinion of the senior Judge shall prevail.

Every order under this clause shall be executed as if it were a decree made by the principal Civil Court exercising original jurisdiction over the locality in which the person against whom such order is made holds public office or the corporation or the inferior Court of Judicature is situate or carries on business."

Amendment of section 51, Act I of 1877.

**4.** In section 51 of the said Act, for the words "Each of the said High Courts" the words "The High Court" shall be substituted.

## STATEMENT OF OBJECTS AND REASONS.

Till 1877 the High Courts at Madras, Bombay and Calcutta possessed the power of issuing writs of Mandamus which they inherited from the Supreme Courts in the three Presidency-towns. This power was taken away by section 50 of the Specific Relief Act, 1877. In lieu of this power, the High Courts at Bombay, Calcutta and Madras were

empowered under section 45 of the Act to make an order, requiring any specific act to be done or foreborne within the local limits of their ordinary original civil jurisdiction, by any person holding a public office or by any corporation or any inferior Court of Judicature. The enforcement of public duties under section 45 is thus confined to cases arising within the local limits of the ordinary *original* civil jurisdiction of the three High Courts mentioned above. A High Court for Burma has been recently established and original civil jurisdiction has been conferred on this Court, and section 45 has been extended also to this High Court. High Courts have also been established at Allahabad, Lahore and Patna, but they have no *original* civil jurisdiction. It has been felt for a long time that the summary remedy under section 45 for the enforcement of public duties should be extended to cases arising beyond the local limits of the *original* civil jurisdiction of the three Presidency High Courts. The jurisdiction under section 45 has been invoked in the Presidency-towns for various purposes and writs of Mandamus under section 45 were granted against Municipal authorities for the establishment of claims to be entered on the electoral rolls (19 C. W. N., I. L. R. 39 Calcutta 598), for compelling the Chairman of the Presidency Municipal Corporation to dispose of applications for building according to the bye-laws (I. L. R. 40 Calcutta 836), for compelling the Commissioner of Police to issue a license under the City Police Act for conducting processions (31 M. L. J. 426), for compelling a Presidency Magistrate to furnish copies of deposition (15 C. W. N. 770), for compelling the University authorities to act in conformity with the regulations (I. L. R. 23 Bombay 465, I. L. R. 40 Madras 125), for directing the Chief Commissioner of Income-tax to state a case for the decision of the High Court (I. L. R. 47 Bombay 782), for directing the Collector to refer a case to the Chief Judge of the Court of Small Causes (20 Madras Law Times, 389). It is unnecessary to refer to other cases. The classes of cases requiring summary relief similar to that granted in the above cases in the Presidency-towns also occur very often outside the Presidency-towns. The extension of the electoral system in the various local bodies and the Legislatures has brought into existence a large number of officials with various public duties and a prompt remedy for the enforcement of these duties is not now available. It is therefore proposed in this Bill to extend the powers of the three Presidency High Courts and of the High Court at Rangoon under section 45 to cases arising beyond the limits of their ordinary original civil jurisdiction and also to amend the provisions of section 45 so as to enable the other High Courts of Judicature in India and the Judicial Commissioners' Courts to exercise the power conferred by section 45 for the enforcement of public duties.

The following Bill was introduced in the Legislative Assembly on the 4th February 926 :—

### No. 21 OF 1926.

*A Bill to prohibit the export of cattle.*

WHEREAS it is expedient to remove preventible causes for the shortage of agricultural cattle and reduction of the milk supply in British India; and whereas the overseas trade in cattle has appreciably contributed to the said shortage of agricultural cattle and the said reduction of the milk supply; It is hereby enacted as follows :—

Short title, extent and commencement.

**1.** (*1*) This Act may be called the Prohibition of Export of Cattle Act, 192 .

(*2*) It shall extend to the whole of British India.

(*3*) It shall come into force on the 192 .

Definition.

**2.** "Cattle" shall mean and include cows, bulls, bullocks and buffaloes as well as their calves.

Offence

**3.** Whoever exports or carries coastwise cattle from British India or carries such cattle by road, rail, water or air within British India for the purpose of such export or carrying coastwise and whoever abets the commission of any of the said acts shall be guilty of an offence under this Act and shall be punished with imprisonment which may extend to six months or with fine or with both.

Forfeiture.

**4.** On conviction for an offence under this Act the cattle in respect of which the offence is committed shall be forfeited.

Offence cognisable and bailable

**5.** All offences under this Act shall be cognisable and bailable and shall be triable in the manner prescribed for warrant cases by a Magistrate of the first class.

### STATEMENT OF OBJECTS AND REASONS.

India is mainly an agricultural country. Cattle are essential to the agriculturist and milk to the great bulk of the population. A large number of cattle has of late been exported every year, for the purposes of the trade. This has naturally appreciably raised the prices of cattle and milk. The scarcity of milk is a serious hardship upon the people in general, but its evil results have been most felt in the case of infants. The great rise in infant mortality during recent years has been distressing. The object of this Bill is to combat these growing evils to some extent by penalising export trade in cattle.

*A Bill further to amend the Code of Criminal Procedure, 1898.*

WHEREAS it is expedient to amend Chapter XI of the Code of Criminal Procedure, 1898, relating to the powers of Magistrates to issue temporary orders in urgent cases of nuisance or apprehended danger and to provide for appeals in respect of such orders; It is hereby enacted as follows :— V of 1898.

Short title and extent.

**1.** (*1*) This Act may be called the Code of Criminal Procedure (Amendment) Act, 192 .

(*2*) It shall extend to the whole of British India.

Amendment of section 144, Act V of 1898.

**2.** (*1*) In section 144 of the Code of Criminal Procedure, 1898, after sub-section (*3*) the following sub-section shall be inserted, namely :— V of 1898.

"(*3-A*) Notwithstanding anything hereinbefore contained, no order under this section shall be made by a Magistrate so as to restrict the right of any person or persons to convene, attend or take part in any public or political meeting, association, procession or other demonstration, unless the Magistrate finds on evidence duly recorded that such direction is necessary to prevent obstruction, annoyance or injury to any person lawfully employed, or danger to human life, health or safety or a disturbance of the public tranquillity, or a riot, or an affray :

Provided that—

(*a*) no *ex parte* order shall be passed by a Magistrate in such cases without evidence duly recorded ; and

(*b*) no such order, if made *ex parte*, shall remain in force for a longer period than forty-eight hours."

(*2*) To the same section, after sub-section (*6*) the following sub-section shall be added, namely :—

"(*7*) An appeal shall lie from an order passed under sub-section (*6*) to the Court of Session."

---

## STATEMENT OF OBJECTS AND REASONS.

Recent events connected with the use of the provisions of section 144 of the Code of Criminal Procedure, 1898, for the purpose of imposing restrictions of all kinds on political workers and political propaganda with the object of countering political agitation whenever and wherever the authorities deem fit to do so, have disclosed the need for a re-definition of the law of preventive action in emergencies which was originally embodied in the section solely for the benefit of the community and only in urgent cases of nuisance or apprehended danger.

2. Section 144 of the Code of Criminal Procedure constitutes an entire Chapter (XI) whose object is, in the words of the Code, to provide for "Temporary Orders in Urgent

Cases of Nuisance or Apprehended Danger". The words of the section were, from the very nature of the entirely temporary action contemplated, made very general and the discretion left to the Magistrates for the purpose was also correspondingly wide. But the extraordinary and indiscriminate applications of the section that have taken place since 1921 on such a large scale for the purpose of suppressing political agitation, is a matter which could not have been foreseen. In any case, the revision of the terms of the section so as to clearly define and restrict the powers of Magistrates and to provide adequate safeguards for the protection of the rights of the public and of individuals, is clearly called for. The present Bill is intended to effect this purpose.

*Clause 2* seeks to insert a sub-section (3-A) of section 144 providing that in cases where orders under the section are restrictive of the rights of free speech, association or public meeting, the orders shall be based on evidence duly recorded and that *ex parte* orders shall not have force for more than forty-eight hours from the passing thereof. The clause also provides that all orders made in respect of cases under sub-section (*6*) of the section shall be appealable to the Court of Session.

No. 24 OF 1926.

*A Bill further to amend the Indian Evidence Act, 1872.*

WHEREAS it is expedient further to amend certain provisions of the Indian Evidence Act, 1872, hereinafter appearing ; It is hereby enacted as follows :— I of 1872.

Short title, extent and commencement.

**1.** (*1*) This Act may be called the Indian Evidence (Amendment) Act, 192 .

(*2*) It extends to the whole of British India, and applies to all judicial proceedings in or before any Court, including Courts martial, but not to proceedings before an arbitrator.

(*3*) It shall come into force as soon as it receives the assent of the Governor General.

Amendment of sections 126, 127 and 128, Act I of 1872.

**2.** (*1*) In sections 126 and 128 of the Indian Evidence Act, 1872, for the words "barrister, attorney, pleader or vakil", the words "barrister, pleader, attorney, or vakil", and the words "barrister, attorney, or vakil", wherever they occur, the following shall be substituted, namely :— I of 1872.

"barrister, advocate, vakil, attorney, pleader, mukhtar or revenue agent."

(*2*) In section 127 of the said Act, for the words "barristers, pleaders, attorneys and vakils" the words "barristers, advocates, vakils, attorneys, pleaders, mukhtars and revenue agents" shall be substituted.

---

## STATEMENT OF OBJECTS AND REASONS.

The Indian Evidence Act, 1872, follows the principle of English law of excluding on grounds of public policy professional confidential communications which take place between a client and his professional legal adviser. The words used in the Act are "barristers, attorneys, vakils and pleaders", the last word "pleaders" having been added in the proviso to section 126 and in section 128 by section 10 of the amending Act XVIII of 1872. The words "mukhtar or revenue agent" are not mentioned. In section 129 of the Act, however, confidential communications between the client and his professional legal adviser are protected from disclosure. It would be difficult to interpret "professional legal adviser" as excluding "mukhtar or revenue agent"; but Magistrates have been known to refuse to allow communications made in confidence to mukhtars during the course of their employment as mukhtars on the ground that "mukhtar" is not mentioned in section 126 of the Act. It may be that the restrictive interpretation thus placed on the section is correct, regard being had to the fact that the "mukhtar" and "the revenue agent" had no recognised professional status at the time the Evidence Act was passed, as reference to the existing Pleaders and Mukhtars Act XX of 1865 and the Criminal Procedure Code of 1872 which was enacted during the same year shows. But whatever may have been the reason of omission of the words "mukhtar or revenue agent" from section 126 of the Evidence Act, it is obvious that at present it would defeat the object of the law if confidential communications made to mukhtars and revenue agents in their professional capacity are not protected from disclosure. The mukhtar has now got a recognised professional status, and it is well known that he has independent charge of the conduct of criminal cases in the Mufassil in the Magistrate's Courts in the majority of cases, besides being almost always engaged for instructing vakils or pleaders in the more important cases, and it would certainly be anomalous that they can disclose confidential communications while the same would be protected if made to "clerks and servants" of pleaders or vakils. This Bill proposes to remove this anomaly.

### LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Legislative Assembly on the 4th February, 1926 :—

No. 27 OF 1926.

*A Bill to make better provision for the transfer of immoveable property by Hindu widows and other female heirs having limited estates in property, and to protect the rights of transferees from such persons.*

WHEREAS it is expedient to make better provision for the transfer of immoveable property by Hindu widows and other female heirs having limited estates in property, and to protect the rights of transferees from such persons ; It is hereby enacted as follows :—

Short title and extent.

**1.** (*1*) This Act may be called the Hindu Limited Owners Act, 192 .

(*2*) It extends to the whole of British India, and, notwithstanding any rule of Hindu law or usage to the contrary, the provisions of this Act shall apply to every estate as defined herein.

But nothing herein contained shall apply to "estates" as defined by the Madras Impartible Estates Act, 1904, and included in the Schedule thereto. Mad. Act II of 1904.

Definitions.

**2.** In this Act, unless there is anything repugnant in the subject or context,—

"the estate" means the immoveable property situated in British India of a deceased person governed by the Hindu law, and also includes such immoveable property as may be purchased and such investments as may be made under the directions of the Court in pursuance of the provisions of this Act ;

"limited owner" means the female heir of a deceased person governed by the Hindu law taking, according to the personal law applicable to such heir, only a restricted estate in immoveable property, and also includes a female holding a restricted estate similar to a widow's estate under the Hindu law ;

"the transfer" means the sale, mortgage, exchange, lease or other disposition of property for valuable consideration, and "to transfer" means to sell, mortgage, exchange, lease, or otherwise dispose of property for valuable consideration ; and

"District Court" has the meaning assigned to that expression in the Code of Civil Procedure, 1908, and includes a High Court in the exercise of its ordinary original civil jurisdiction. V of 1908.

Transfer of estate.

**3.** A limited owner may apply to the District Court having jurisdiction in the place where the estate or a portion thereof is situated for sanction to transfer the estate or part thereof on any of the grounds on which it is competent to such owner under the Hindu law to transfer such estate or part thereof so as to bind the reversioner of such estate or on the ground that such transfer is beneficial both to the limited owner and such reversioner.

Form of application.

**4.** (*1*) The application shall be signed and verified in the manner prescribed by the Code of Civil Procedure, 1908, for the signing and verification of plaints, and shall state, so far as can be ascertained, the following particulars, namely :— V of 1908.

(*a*) the name and residence of the applicant and of the reversioner to the estate, and the name of any person having a right to maintenance from or any other charge on such estate ;

(*b*) the names and residences of the secured and unsecured creditors, if any, of the last full owner and also of the applicant and of all those who have an existing interest in the estate, the particulars of their claims including the amount due, if any, on the date of the application to each of them ;

(*c*) the amount and particulars of all other pecuniary claims enforceable against the estate on the date of application so far as they are known to the applicant ;

(*d*) the nature and approximate value of the property proposed to be transferred, the purpose for which it is proposed to apply the proceeds, the amount likely to be realised by such transfer and the balance, if any, likely to be available after the application of the proceeds in the manner proposed ;

(*e*) the causes that have led to the making of the application and such other particulars as the nature of the application may render it necessary to state ;

(*f*) the manner and extent in and to which the application could be benefited by the proposed transfer.

(*2*) The provisions of the Code of Civil Procedure, 1908, in regard to suits by or against minors and persons of unsound mind shall apply, *mutatis mutandis*, to an application made under this section by or against such persons. V of 1908.

Procedure after admission of application.

**5.** (*1*) The Court shall thereafter fix a day for the hearing of the application, and shall cause notice of the application and of the date fixed for hearing to be served on all the persons mentioned in clause (*a*) of section 4 and on the creditors referred to in clause (*b*) of that section and also on any other person to whom, in the opinion of the Court, notice of such application should be given.

(*2*) Such service shall be effected in the manner prescribed in the Code of Civil Procedure, 1908, for service of summonses on defendants. The Court may further direct the publication of such notice in such other manner as the Court may, subject to any rules made by the High Court under this Act, think fit. V of 1908.

Procedure at hearing of application.

**6.** On the day fixed for hearing of the application or as soon afterwards as may be, the Court shall hear such evidence as may be adduced in support of or in opposition to the application.

Power of Court to sanction the transfer of the estate or part thereof.

**7.** (*1*) The Court may, if it deem it proper and consistent with due regard to the interest of all parties to the application, sanction the transfer of the estate or part thereof.

(*2*) The order granting the sanction shall recite the necessity for the transfer, describe the property with respect to which the sanction is granted and specify such conditions as the Court may see fit to attach to such sanction.

(3) The Court may, in its discretion, attach to the sanction the following among other conditions, namely :—

(a) that a sale shall not be completed without the confirmation of the Court ;

(b) that a sale shall be made to the highest bidder by auction before the Court or some other person specially appointed by the Court for that purpose at a time and place to be specified by the Court, after such proclamation of the intended sale as the court, subject to any rules made under this Act by the High Court, may direct ;

(c) that a lease shall be made for such term of years as the Court directs ;

(d) that the whole or any part of the proceeds of the transfer sanctioned shall be paid into the Court to be disbursed therefrom or to be invested by the Court in such manner as the Court may think proper or to be otherwise disposed of as the Court directs.

Sales where the estate is subject to encumbrances.

**8.** Whereas any property the sale of which is sanctioned under section 7 is subject to any mortgage or other encumbrance or charge, the Court may, with the consent of such mortgagee or other person holding the encumbrance or charge, direct that the property be sold free from the same giving to such mortgagee or other person the same interest in the proceeds of the sale as he had in the property sold.

Appeal.

**9.** (1) An appeal from an order passed by the Court on an application made under section 3 shall lie to the Court authorised to hear appeals from the decrees of such Court in a suit for the possession of the estate or part thereof to which the order relates, but no appeals shall lie from an order passed by consent nor from an order passed on appeal under this section.

Procedure in appeal

(2) The provisions of the Indian Limitation Act, 1908, and of the Code of Civil Procedure, 1908, in regard to appeals from original decrees shall apply, so far as may be, to appeals under this section.

IX of 1908.
V of 1908.

Nature of title conferred by transfer sanctioned under this Act

**10.** A transfer of the estate or part thereof sanctioned and affected under the provisions of this Act shall, subject to any rights created by the limited owner, confer on the transferee such right, title and interest in the property transferred as the full owner could have conferred by such transfer. The transfer shall not be invalidated except on the ground of fraud in the making of the application or in the conduct of the sale under section 7.

Costs.

**11.** The costs of the application under section 4 and of an appeal therefrom shall, subject to any rules made by the High Court under this Act, be in the discretion of the Court in which such application or appeal is had.

Finality of orders.

**12.** Save as provided in this Act and section 115 of the Code of Civil Procedure, 1908, an order sanctioning the transfer of the estate or part thereof shall be final, and shall not be liable to be contested by suit or otherwise.

V of 1908.

Power of the High Court to make rules.

**13.** The High Court may, after previous publication, make rules—

(a) for the publication under section 5 of notices of applications made to the Court ;

(b) for the procedure to be followed in the hearing of applications and the conduct of sales of estates under this Act ;

(c) for the payment of costs under section 11 ; and

(d) generally for giving effect to the provisions of this Act.

## STATEMENT OF OBJECTS AND REASONS.

It is now settled by a long course of decisions of the Judicial Committee of the Privy Council and the Courts in India that a Hindu widow takes only a restricted estate in the property of her husband, and that at her death such property passes to the heirs of her husband except as to such portion as may have been alienated by her for legal necessity. Alienations of her husband's estate or portions thereof for legal necessity, which includes the payment of her husband's debts and other charges on the estate such as the payment of maintenance to female members of the family, debts incurred by the widow for her own maintenance, debts incurred for the funeral obsequies of her husband and for other primary religious purposes are valid and bind the actual reversioner succeeding to the estate on the death of the widow. The propriety of these transactions is generally called into question only after the death of the widow several years after they are entered into, when most of the evidence in regard to them had disappeared. This has operated very much both to the detriment of the widow and the purchasers. Even in cases where the widow had to dispose of the whole of her husband's estate or such portion as may be necessary for purposes recognized by law as affording a justification, the widow is not able in most cases to realize the full value of the property. The intending purchaser has at present no guarantee whatever that the transaction will not be called into question after the death of the widow, and the widow is therefore driven to dispose of the property at much below its fair price which it would have fetched had the disposition been by a full owner. On the other hand, the purchaser is still liable to be sued by the reversioner after the death of the widow and the burden of making out the validity of the transaction is thrown on him many years after it takes place. Under the provisions of the Settled Estates Act, 1877 (40 & 41 Vict., Ch. 18), and the Settled Land Act, 1882 (45 and 46 Vict., Ch. 38), tenants for life and other limited owners are enabled to dispose of their properties under supervision of the Court after an inquiry in the presence of all parties interested in the reversion. These legislative safeguards existing under the English Law afford the necessary protection to the purchasers from limited owners who are also thereby enabled to realise the full value of the properties sold. There are no legal facilities of the kind in this country in regard to limited owners, though there are analogous provisions in the Indian Acts, in regard to transfers of property by trustees and mortgagees, executors and administrators and guardians of minors. The existing state of things has made the position of the widow, burdened with the debts of her husband and anxious to save at least a portion of her husband's estate, very irksome. A large class of land suits in this country are by reversioners against limited owners and their vendees or against vendees after the death of the limited owner, calling in question the validity of the transactions entered into between them. Without interfering in any way with the existing law, it is proposed in the present Bill to authorise limited owners to apply to the Court for permission for the sale of the property inherited by them after full inquiry in the presence of the presumptive reversioners and for the application of the sale-proceeds for the liquidation of all debts and charges binding on the estate. It is open to the widow to take proceedings under the Act, but when once that is done, finality is given to the transaction under clause 10 and it cannot be questioned by the reversioner who may be alive at the death of the widow or by any other person. The procedure provided in the Bill will, it is believed, greatly reduce litigation by Hindu reversionary heirs, promote the speedy realization of all inquiry into all the grounds of alleged necessity, as early as possible, after the death of the full owner, secure better prices for the properties inherited by limited owners wherever it is necessary to sell them, and afford ample protection to purchasers from future harassing litigation and enable them to improve substantially the properties so purchased without the fear of being deprived of them by reversioners.

2. It is often beneficial and even necessary in many cases for the limited owner to exchange a portion of the deceased male owner's property for other property. If the party entering into the transaction were a full owner, he could effect the exchange without any difficulty, but there is a legal impediment in the way of the widow or other limited owner doing the same. The Hindu Law does not authorise a transfer by way of exchange by a limited owner, and it has been held that she cannot make an alienation of the estate in order to improve it or even to develop the estate (I. L. R. 32 Bombay 577). It has been held that the debt incurred for the construction of a house which is not necessary for the management of the estate does not bind the reversion (I. L. R. 35 Madras 560). For better enjoyment and amenity, it is often necessary to enter into these transactions and a limited owner should not be placed at a disadvantage in this respect. Accordingly it is proposed in the Bill that, with the sanction of the Court and after a full inquiry, limited owners may be permitted to enter into these transaction, the new property being burdened with the same incidents and restrictions.

3. The Law in regard to mortgages by limited owners is equally unsatisfactory. In executing mortgages it has been the usual practice of the country to merely mention the particular legal necessity which has compelled the widow to borrow funds without expressly specifying whether her own life interest or the entire estate is hypothecated. It is open to the widow to pledge her own limited interest even for debts binding on the estate or to make it clear that she intends to bind the entire estate of the last male owner for the amount secured by the mortgage. The question is more often raised only after a sale is held in execution proceedings. To find out what interest has actually passed to

the purchaser, it has been held that the pleadings the documents sued on, the decree and all subsequent execution, records and proceedings will have to be scrutinized by the Court with a view to ascertain the intention of the parties. (I. L. R., 34 Madras, 188, I. L. R., 37 Madras, 22 Calcutta Law Journal 23, I. L. R., 30, Allahabad 394, I. L. R. 26 Bombay 206.) There is therefore a great deal of uncertainty in finding out the interest disposed of at Court sale where limited owners such as a widow or a daughter are judgment-debtors.

It is proposed in the present Bill to empower, with the permission of the Court, the limited owner to execute a mortgage or lease for any purpose binding on the estate and that in that event the mortgage or lease will have the same effect as if it were executed by the last full owner. It is sometimes necessary to grant mining or quarrying leases for terms which may extend beyond the life time of the limited owner. The limited owner, the mortgage and the leases will, it is expected, be placed in a better position by the provisions of this Bill, and intending purchasers will be relieved of the difficulties and pitfalls now existing in regard to execution sales.

4. A Bill on the lines of the present Bill was introduced by me in the Madras Legislative Council in 1915, and was referred by the Government of Madras to the Madras High Court and to various associations and individuals for opinion. The Hindu Judges of the High Court, Messrs. Justices Kumaraswamy Sastry, Sadasiva Iyer, Seshagiri Iyer, supported the principle of the Bill and suggested various amendments in detail. Sir S. Subramania Iyer, a retired Judge of the Madras High Court, and Sir P. Sivaswamy Iyer, also supported the Bill and various associations and individuals gave their approval. The Government of Madras also supported the Bill and sought the sanction of the Government of India to proceed with the measure.

The latter were, however, of opinion, that as the Bill dealt with a question of Hindu Law applicable to more than one Province, it should be enacted in the Imperial Council, but before coming to a final conclusion they referred the Bill to other Local Governments for eliciting opinion on the general principle of the Bill and also as to whether the Bill should be proceeded with in the Madras Legislative Council or in the Imperial Council. The Bombay Government accordingly obtained opinions on the Bill from the non-official members of the Bombay Legislative Council, and also from a number of associations and the senior Judicial and Revenue officers of the Presidency. The Chief Justice and the other Judges of the Bombay High Court approved of the general principle of the Bill. Sir Frank Beaman of the Bombay High Court expressed the opinion that the provisions of the Bill should be made compulsory and Mr. Justice Marten of the same High Court was of opinion that it should be extended to other cases besides those of Hindu widows. The Government of Bombay summarised the opinion received in the following words: "Opinion is much divided over the Bill. The evil which the Bill aims at preventing admittedly exists to a serious extent in this Presidency, and the principle of the Bill is widely approved, the High Court and all the associations consulted being in favour of the Bill generally. But the opinion is largely held, particularly among individual members of the legal profession, that the Bill, if passed into law, is likely to substitute other evils for those now existing."

In the United Provinces, Sir P. C. Banerjee, of the Allahabad High Court, recorded the following opinion: "I think the Bill is a desirable one, and will afford protection to *bonâ fide* transferees who, after the lapse of many years, find it difficult to prove the existence of legal necessity. It is likely to reduce litigation and will in many ways prove a beneficial measure. The legislation should be Imperial and not Provincial." The Honourable Chief Justice and the other Honourable Judges of the Allahabad High Court concurred with this opinion.

The two Judicial Commissioners of Oudh approved of the principle of the Bill. In Bengal, there was no unanimity of opinion in regard to the necessity of the measure, and the Governor in Council was not prepared to support the introduction of the measure in the Imperial Council, but he did not see any objection to the introduction of the measure in the Madras Legislative Council if there was a demand for such legislation.

The Government of Bihar and Orissa reported that the principles underlying the proposed legislation received the support of many of the Judicial officers. It will therefore be seen that the principle of the Bill has already received considerable support in the country. The Government of India raised some objections to the measure, but eventually came to the conclusion that, if the measure is to be proceeded with, the Imperial Council was the proper place for its introduction. The further progress of the Bill in the Madras Legislative Council was, therefore, abandoned.

5. A few explanatory remarks on the clauses of the Bill are added hereunder:—

*Clause 1.*—By section 4 of the Madras Impartible Estates Act the position of the proprietor is defined as analogous to that of the managing member of a joint Hindu family and the classes of alienations permissible to the proprietors of the states governed by that Act are expressly mentioned It is therefore explicitly stated in the explanation that the Bill does not apply to the states governed by that Act.

*Clause 2.*—It is considered advisable that the applications for transfer should not be made to Courts inferior to District Courts.

*Clause 3.*—This clause enables the Court on the application of the limited owner to sanction transfers after due inquiry. The existing law in regard to the jurisdiction of

the Courts in suits for possession of immoveable property will, according to the definition apply to the applications to the Court for sanction to transfer the estate or part thereof.

*Clauses 4 to 6.*—These clauses lay down the procedure of the Court in dealing with the application for permission to a limited owner to transfer the estate. They are intended to secure a full and fair disclosure of the condition of affairs and to secure a fair hearing for all parties interested in the matter. These provisions are analogous to those contained in the Guardian and Wards Act dealing with the applications by guardians for obtaining the sanction of the Court for the disposal of the properties of their wards and to the procedure provided under the Settled Estates Act, 1877, and the Settled Land Act, 1882, in the applications for sale under the orders of the Court of properties in the enjoyment of limited owners.

*Clause 7.*—It is desirable that the Court should have a wide latitude in dealing with the matters under consideration. It is therefore proposed to give ample power to the Court in dealing with application by limited owners for sanctioning transfers. A Hindu widow not being a trustee, it is not proposed to fetter her liberty of action in dealing with the property or with the application of the funds realized by the transfer. At the same time there may be cases where the widow and the intended transferee may desire to have the amount disbursed through the Court, or where the Court itself may come to the conclusion that it is desirable that the transaction should be completed under its control. This clause makes provision for these cases, while at the same time not unduly interfering with the limited owner's power in regard to properties in her enjoyment.

*Clause 8.*—This is a useful provision which will enable the Court to deal more effectually with the transfer of properties subject to mortgages or other encumbrances. It is similar to the provision in the Code of Civil Procedure dealing with suits relating to mortgage of immoveable property.

*Clauses 10 to 13.*—These clauses define the nature of the interest transferred when a transfer takes place with the sanction of the Court, and are required for the protection of purchasers and to secure finality to transaction entered into by limited owners with the approval of the Court.

### Education.

RESOLUTION—No. 1231Edn.

CALCUTTA, THE 22ND MARCH 1926.

READ—

The Interim and the Final Reports of the Dacca Technical and Vocational Education Committee.

In July 1922, the Government of Bengal appointed a Committee to advise on the question of the introduction of technical and vocational education in the schools and colleges of this Presidency. The resolution appointing the Committee emphasised the fact that the purely literary education, so long imparted, no longer offers the chance of a decent livelihood to the young men of this country, and that the demand for a system which will hold out better prospects has in consequence grown more and more insistent. The schemes to be evolved by the Committee were, when fully developed, to be introduced in the educational institutions of Dacca in the first instance and, if successful, were to be extended to other parts of the province.

2. The Committee submitted their report in January 1924. In discharging the task entrusted to them the Committee have proceeded from the standpoint that it would be useless to offer vocational education for vocations that do not exist or that are not likely to be created in Bengal. Their report deals separately with the subjects to be taught in the various classes of institutions. The Committee's recommendations have been carefully considered by Government and the decision arrived at in respect of each recommendation is indicated below. The Governor in Council takes this opportunity of recording his high appreciation of the manner in which Dr. P J. Hartog (now Sir Philip Hartog) and his colleagues have investigated this intricate problem and of the exceedingly valuable report which they have presented.

3. **High Schools and Madrasahs.**—In the resolution appointing the Committee it was recognised by Government that, so far as secondary schools are concerned, all that could be attempted was to give a bias towards practical education and that, while the training of the hand and eye would be the main object to be kept in view, advantage would be taken of the course followed in the manual training classes to teach a boy a definite craft likely to prove useful to him in after life, whether he took up a University career or not. Thus while the Committee had to consider vocational education in its true sense in connection with intermediate colleges and the University, they had to consider only a preliminary hand and eye training in the schools. Their recommendations, so far as they relate to training in high schools and madrasahs, together with the views of Government thereon, are set forth in the following paragraphs.

4. The Committee recommend that drawing should be made compulsory in classes III and IV of high schools in which the ages of the boys vary from eight to ten years, but that boys who show no taste for drawing should not be forced to continue it in the higher classes. Probably the age of ten is too early to decide whether a boy has an aptitude for drawing or not; Government therefore consider drawing should be compulsory up to class VI and will bring this recommendation to the notice of the Board of Intermediate and Secondary Education, Dacca.

5. In the opinion of the Committee one of the obstacles in the way of manual employment among the middle classes in Bengal is physical weakness. They therefore recommend that, with a view to increased general fitness for manual occupations, drill should be made compulsory in classes IV to VII of all secondary schools. This proposal is of course sound but does not go far enough. Government consider that drill should be made compulsory for all classes in secondary schools for the sake both of its physical and moral effect. A physical adviser is employed under the Government of Bengal. Given the necessary funds, he could train a sufficient number of drill masters in due course. In addition to this boy scouting should be encouraged. This movement has already made some progress in Bengal and funds are being provided from the provincial revenues for its gradual introduction into Government and aided high schools in the province.

6. The Committee feel unable to recommend manual work as a separate correlated subject in the school course below class VIII. But boys of junior classes still need "hand and eye" training and the Committee, in view of the objects with which they were appointed, feel bound to provide for this. They therefore suggest that in classes IV to VII of high schools hand work should be introduced to illustrate the teaching of such subjects as history, geography, etc., a suggestion welcomed by Government.

7. The Committee propose that manual training as a non-examination subject should be introduced in classes VIII and IX of high schools and high madrasahs in Dacca and that the training should be given mainly at a central workshop. In the workshop they provide for three forms of manual training, wood work, fitter's work and sheet metal work. The Committee do not exclude other forms of practical training which may be provided at particular schools if the school authorities can meet the expense; but, as it is unlikely that Dacca schools will be able to afford to do so, the Committee have worked out a scheme for all the Dacca schools in connection with the central workshop. They have given estimates of cost for a central workshop. The total capital expenditure is estimated at Rs. 50,305, exclusive of the cost of site, and the total recurring expenditure at Rs. 31,690. The scheme is thus, having regard to the small number of schools affected, an expensive one and Government cannot possibly be expected to shoulder the whole burden. Special fees must meet part of the cost. Subject to this reservation the scheme would be acceptable to Government when funds are available.

8. As an extension of this proposal, the Committee further recommend that a limited number of pupils, out of those who have been trained in classes VIII or IX, should be permitted in class X to take a more advanced course of manual training, as an examination subject, in one or more of the subjects, which they have been learning in the two previous classes. These pupils might take their training in the central workshop on Saturdays which would otherwise be left free. The Committee propose the following special matriculation or high school examination scheme for boys taking this subject :—

| | | | | |
|---|---|---|---|---|
| Vernacular | ... | ... | ... | 1 paper. |
| English | ... | ... | ... | 2 papers. |
| Mathematics (General) | | ... | ... | 1 paper. |
| Ditto (Applied) | | ... | ... | 1 do. |
| Drawing | ... | .. | ... | 1 do. |
| Manual Training equivalent to | | ... | ... | 2 papers. |

The Committee suggest that after passing this examination students should be permitted either to enter the Dacca School of Engineering or to proceed to one of the Intermediate Colleges and take the ordinary intermediate science course or the mechanical course at the Dacca Intermediate College, which has been proposed by the Committee. This scheme appears to be on sound lines, and Government will bring it to the notice of the Dacca Board. The scheme cannot, however, be started till the central workshop has been established.

9. The Committee regard it as of great importance that sufficient science should be taught in secondary schools to enable boys to discover whether they have an aptitude for science and to give some preliminary knowledge of the subject to those who have already discovered such a bent. They therefore propose that for students who wish to proceed to higher technological studies the following special course should be provided for the high school examination :—

| | | | | |
|---|---|---|---|---|
| Vernacular | ... | ... | ... | 1 paper. |
| English | ... | ... | ... | 2 papers. |
| Pure Mathematics | ... | ... | ... | 1 paper. |
| Applied Mathematics | | ... | | 1 do. |
| Elementary Science | | ... | ... | 1 do. |
| Drawing and Practical Geometry | | | ... | 1 do. |

Students taking this examination should also be required to produce a certificate from the head master of the school of having gained some practical workshop practice, for instance, in carpentary or sheet metal work and in the handling of tools generally. They further recommend that, as a first step towards the introduction of science teaching in the high schools. Government should provide an elementary physical and chemical laboratory for the Dacca Collegiate School. The capital expenditure required for this development would be Rs. 23,000 and the recurring expenditure Rs. 5,198. Government approve of the proposal to introduce science teaching into high schools in Dacca and to inaugurate a special examination to meet its needs. This will be brought to the notice of the Dacca Board with a view to the creation of the special examination. Government will also consider the possibility of starting the course in the Dacca Collegiate School or elsewhere when funds permit.

10. The Committee recommend the introduction of simple book-keeping as one of the additional optional subjects for the high school examination. The object of this course will be to give those, who take it up, sufficient training to make them useful in modest business concerns. The Committee consider that instruction in this course could be provided at a comparatively small cost, viz., one teacher on Rs. 75—5—150 teaching the pupils of two schools, besides a capital expenditure of Rs. 100 per school. Government are of opinion that this course will be useful and lead to employment, provided that the training in accounts is combined with training in hand-writing and arithmetic up to a very high standard. Subject to this provision Government accept the proposal and will inform the Dacca Board accordingly. They will also, when funds are available, consider the question of employing a teacher at one of the Dacca Schools as an experimental measure, and of levying a small extra monthly fee from students taking the course, so as to make the scheme partly pay for itself.

11. **Intermediate Colleges.**—The question of vocational training at the Intermediate Colleges is more complex. Here the first question arises whether something more than a practical bias can be given in such colleges and whether the vocational education given therein can be made

sufficient to enable a boy who leaves them to earn his own living by means of the vocation for which he has been trained. It is to be borne in mind that, as the Sadler Commission pointed out, the majority of the boys who enter a college of the kind would probably not wish to make a choice at this stage excluding them from University education in the future, and the question arises whether it is practicable to keep this possibility open for them and at the same time to give them a sufficiently specialised training in any one branch to enable them to earn their living on leaving the intermediate college. The Sadler Commission thought that it was possible to do so. The Committee, however, think that the matter is still in an experimental stage and no definite judgment can be expressed on it at the present moment.

12. At present both the Dacca and Jagannath Intermediate Colleges teach physics and chemistry. Botany, commerce and dyeing are also taught at the latter institution. The Committee propose the addition of the following courses:—

(*i*) An elementary course in the technology of oils, fats and soaps at the Jagannath College.

(*ii*) A mechanical science course at the Dacca Intermediate College.

As regards the first proposal, it is stated that the intermediate course in oils, fats and soaps cannot be established at the Jagannath College without considerable increase in the laboratory accommodation unless the second year's teaching is given in the University laboratory for technology proposed by the Committee. Apart from the question of laboratory accommodation the total capital cost of the intermediate course is Rs. 3,000 only and the total recurring expenditure Rs. 3,240 per annum. The college can meet these from its ordinary income. The experiment could therefore be conducted, cheaply as far as the Intermediate College is concerned, but as it is dependent on the more ambitious University courses in technology, it will have to await the fruition of a University scheme on these lines.

In the proposal to start a mechanical science course at the Dacca Intermediate College one is on much more debatable ground. The Committee are divided in their opinion in the matter. The majority favour the establishment of such a course, as they think it would be distinctly advantageous to introduce it in a college of the intermediate type, thereby leading boys, who have had a mainly literary training, to turn their attention to engineering. The minority are opposed to it on the ground that the task and function of developing any educational course in engineering for Dacca and the Dacca district above the high school stage and below the University stage should be assigned to the Ahsanullah School of Engineering. The cost of the course is estimated at Rs. 66,950 capital and Rs. 15,576 recurring per annum. Without committing themselves definitely one way or the other, Government think that the scheme formulated by the Committee has more than one drawback.

The cost of the proposed course is prohibitive as compared with the expenditure required for the full mechanical and electrical engineering course proposed by the Committee for the engineering school. Further, Government are of opinion that at present an Intermediate College should aim at courses which may possibly be demonstrated by experience to fit a student to earn his living directly he leaves the college The course proposed for the Intermediate College is admittedly not designed to have any professional value, but would only provide men suitable for finishing their training in some higher or fuller professional or University course, should this be available. Such men would be more appropriately drawn from the passed students of the school. But if they could not go further, the engineering knowledge they had acquired would be of little use in obtaining a living.

As funds are limited and the simultaneous development of two institutions is not advisable, Government are disposed to accept the conclusion of the minority that the task of developing any educational courses in engineering for Dacca and the district should be assigned to the engineering school.

13. The Committee have suggested an improved scheme for the Intermediate Examination in Commerce and have proposed some improvements in the existing commerce course at the Jagannath College at an estimated cost of Rs. 250 capital and Rs. 6,000 recurring per annum. Government accept the revised scheme and will draw the attention of the Dacca Board to it. They will also consider the possibility of providing money for the improvement of the Jagannath College course when funds are available.

14. **Ahsanullah School of Engineering.**—The Government resolution relating to the appointment of the Committee specially asked them to consider the possibility of expanding the School of Engineering so as to provide not only for a degree course, but also for training in such subjects as railway, mechanical and electrical engineering. The Committee accordingly took this problem into consideration and propose the re-establishment at the school of the mechanical and electrical engineering course of the upper subordinate standard which formerly existed there. They state that the vocational course would produce men who would be able to earn their living immediately on leaving the school. The Committee specially press the scheme, because they consider it really indispensable to the University course in electro-technics, proposed by them. The course would be one of three years' duration at the school followed by a year's practical training. It would correspond to the upper subordinate course in the Civil Engineering Department and would also be of approximately the same length and standard as the non-University mechanical and electrical course of the Bengal Engineering College, Sibpur. The cost of the scheme is estimated at Rs. 46,625 capital and Rs. 10,262 recurring per annum.

In the opinion of Government the scheme proposed by the Committee seems to be founded on a common fallacy, viz., that to train an engineering subordinate all that is necessary is to give him a college course similar to that required for an engineer but of a lower standard ; and, secondly, to reduce the period of apprenticeship in a workshop. A mechanical and electrical subordinate requires as a matter of fact a longer and severer apprenticeship in workshops than is required for the higher grades. It is essential that he should be first of all a good workman and have intimate knowledge of the labour employed. He should also be able to set out work in the shops. A sufficient knowledge of elementary science to understand theory is desirable ; but to be a good workman is essential. A man with practically no theoretical training may make a fairly successful foreman but a man without a long workshop apprenticeship is useless.

The course proposed in the report is not of the same length and standard as the non-University mechanical and electrical course of the Bengal Engineering College, Sibpur. The course at Sibpur for direct admission is six years in duration—three years in college and three years in approved workshops. The course proposed in the report is exactly similar to the old course at Sibpur which was so severely condemned and which failed so completely.

Government are therefore of opinion that in the present state of their finances it would be of greater advantage, both professional and economic, to keep this work concentrated at the Bengal Engineering College, Sibpur, for a long time to come.

15. The Sub-Committee of the Dacca Technical and Vocational Education Committee made enquiries and are satisfied that the supply of trained engineers is not in excess of the demand. The Committee also point out that the increased number of appointments on railways open to students trained in India will widen the field of employment for engineers. They therefore propose to establish two four year courses—(*a*) a course in Civil Engineering and (*b*) a combined course in Mechanical and Electrical Engineering in the University. The courses are to be given under a joint arrangement between the University and the School of Engineering. This would involve additions to the staff of the latter institution. The entrance test for these courses would be the Intermediate Examination in Arts or Science, supplemented by a special test in Mathematics, Physics, Chemistry, Drawing and general knowledge. For certain classes of possible candidates the University would devise a special entrance test. The University would not be responsible for the practical training, this falling upon the School of Engineering or, for candidates for posts under Government, on the Public Works Department. According to the estimates of cost of the joint scheme, Dacca University will have to spend Rs. 2,000 capital and Rs. 8,700 recurring and the School of Engineering Rs. 88,500 capital and Rs. 75,620 recurring.

The Government of Bengal, while agreeing with the Committee that the supply of trained engineers is not in excess of the demand, think that the demand is for trained engineers and not for engineering graduates. Bengal has at present limited facilities for the practical training of student engineers and Government can provide in one college facilities for higher courses in engineering for a number of students in excess of the number for which full practical training can be arranged. Government are moreover of opinion that in the present condition of the mechanical and electrical engineering industries in Bengal it is undesirable to increase the number of institutions which have courses in mechanical

and electrical engineering of the nature proposed in the report, as it will be impossible for the firms to absorb all the successful candidates. Apart altogether from the difficulty in obtaining practical training for those students who qualify at an educational institution, it is questionable whether they will be able to obtain those supervisory positions to which they aspire and which the report optimistically expects to be open to them. These positions are limited in number. In Ehgland a student who goes both through a technical course and a workshop training is not undnly disappointed if at the end of it he has to work as a mechanic for some considerable time before he reaches a supervisory position. Students in Bengal are reluctant to do this and sufficient supervisory posts are not available to justify an increase in the facilities of training as proposed in the report.

16. The Committee propose a University course in electro-technics. This will be a three years' course leading up to an Honours degree in Physics with electro-technics as a special subject, to be arranged jointly by the University and the School of Engineering with practical training in the power station of the Dacca Electric Supply Company. A maximum of 24 students a year is proposed, 72 in all. The scheme is contingent on the inauguration of the proposed new non-University course in mechanical and electrical engineering at the School of Engineering. If that ever materialises the present scheme would cost only Rs. 5,180 recurring per annum. Without the help of the Engineering School the scheme will cost Rs. 40,000 capital *plus* the cost of a building, and Rs. 17,400 rising to Rs. 25,800 recurring per annum. Without the help of the School of Engineering the scheme will thus be inordinately expensive and the co-operation of the school pre-supposes the re-establishment there of the mechanical and electrical engineering course which again depends upon finance.

The general idea of the course is said to be such as to give students a training which will enable them to obtain posts as assistants in power-stations, motor-car firms, tramway and general electrical firms and assistants in wireless stations. It is, however, doubtful whether any practical electrical engineer would be satisfied with the training suggested in this course, which is out of date. In the early teaching of electro-technics in England it is true that electro-technics was added as an additional subject to a physics and mathematics course, but the men produced by such a course were so unsatisfactory that it was abandoned long ago. The universal rule now-a-days is to make the basic course mechanical engineering for the first two years and to specialise in electro-technics for two additional years. After this a further training in electrical workshops and power stations is necessary. The proposed training will produce a physicist with a smattering in electro-technics who will have little or no practical value.

17. The Committee recommend the establishment of a general course in chemical technology and of a post-graduate course in the technology of oils, fats, soaps and candles. As regards the former course, their proposal is that an honours course in technical chemistry be instituted to give students a thorough practical and theoretical knowledge of—

(1) the principles of design and working of the chief types of chemical plant and machinery;

(2) the chief chemical technological processes, including the technology of water and fuel which are the basic raw materials of all industries.

Students taking up the general course in chemical technology will have to take an elementary course in mechanical engineering as a subsidiary subject of study as part of this special Honours course. This subsidiary study will occupy two of the three years of the course. It is hoped that the School of Engineering will assist the University in connection with this course. As regards the latter, the Committee propose a one year's course in the technology of oils, fats and soaps leading on to an M.Sc. degree for those who have previously taken the Honours degree in the proposed Technical Chemistry B.Sc. Examination. The total cost of the two courses is Rs. 1,32,000 capital and Rs. 29,000 recurring per annum. Government accept the scheme, which mainly concerns the University, as sound in principle. They are, however, doubtful whether the finances of the University will permit of funds being allotted for the scheme in the near future.

18. The Committee recommend a scheme for the establishment of a department of tanning and leather chemistry as drawn up by Mr. B. M. Das, Director of the Government Research Tannery, and accepted by Dr. D. B. Meek, Director of Industries. It would cost Rs. 1,66,185 capital and Rs. 53,500 recurring per annum, against estimated receipts of Rs. 19,000 per annum from fees and sales of leather. It is urged in

support of the scheme that the raw material is there; the market for the leather is there; technical knowledge and investment of capital in tanning are what are needed and the former will inspire the latter.

The Committee propose—

(1) a B.Sc. (Honours) Course in Leather Technology to extend over three years for students who have taken an Intermediate Examination in Science and two years for those who have taken a Pass B.Sc. Course;

(2) an M.Sc. (Research) Course for those who have taken the B.Sc. degree in Leather Chemistry.

They also suggest—

(3) that the resources of the laboratory should be used to train foreman tanners who would start from the Matriculation stage and would take a diploma course of three years;

(4) that special courses extending over a maximum of six months should be provided for persons who are already in the trade.

Although the scheme prepared by Mr. Das is eminently suitable for the purpose of establishing a Department of Leather Chemistry and Tanning at an Indian University, Government are of opinion that it would not help to solve the industrial problem of unemployment. The Calcutta Research Tannery provides the present needs not only of Bengal but also of Bihar and Orissa, but so small is the demand for trained men that quite 25 per cent. of the men trained at this centre are unable to find employment. In the present state of the industry severe practical training is much more necessary than a knowledge of the theoretical side of the work. The former is given at the Research Tannery while a University course would necessarily have to emphasise the latter. In these circumstances Government cannot agree that it would be wise to allow at present the establishment at considerable cost of a Department of Tanning and Leather Chemistry.

19. The Committee think that it would be premature to start a faculty of agriculture in the University. They think, however, that an agricultural seed industry might be developed in India and that, to meet the demand that may arise, training in Botany should be given in Dacca University. Along these lines of development bacteriologists also will be necessary since the fertility of the soil is intimately connected with its bacterial flora, and most Agricultural Departments are starting sub-sections in this branch of science. At present there are no bacteriologists available and practically no means of training students. The Committee, therefore, recommend the establishment of a Botanical Department and a Bacteriological Department in the University of Dacca. The botanical laboratory would cost Rs. 46,000 to build, Rs. 30,000 to fit up and Rs. 24,000 for preliminary apparatus. The bacteriological laboratory will entail a total capital expenditure of Rs. 35,500. The recurring expenditure of the Botanical Department is estimated at Rs. 25,000 per annum and that of the Bacteriological Department at Rs. 10,000 per annum.

Remembering on the one hand that agriculture is the one industry of paramount importance in Bengal and on the other the enormous possibilities of its development on scientific lines, it would in the opinion of Government be wrong to neglect this opportunity of spreading special knowledge on these points even though there may be doubts whether the country can absorb at once trained seed and soil experts. When further it is seen that Botany and Bacteriology are two subjects which give students excellent training in scientific principles, modes of thought and working at a low cost, the case for development along these lines is even stronger. Accordingly if funds permit Government are anxious that these branches of study should be taken in hand.

20. The University of Dacca have set up a Department of Commerce which has been organised in correlation with the Department of Economics. The Department of Commerce is rather poorly equipped and the Committee recommend that this should be improved. The cost involved is Rs. 9,000 capital and Rs. 8,640 recurring per annum. Government accept the principle of manning the Department of Commerce in the University adequately, as proposed by the Committee. Before, however, giving effect to this recommendation the University would do well to weigh carefully its financial position and the needs of its other departments.

21. The financial effect of the Committee's proposals has been mentioned in the preceding paragraphs. The total ultimate cost involved will, however, be much more than the estimates given by the Committee would seem to show. Any attempt to carry out the proposals at Dacca

will naturally involve Government in demands for similar expenditure elsewhere. Technical and vocational education, which often involves the services of expert highly-paid teachers, and generally the consumption of materials and the use of expensive machinery, cannot but be more expensive than literary education. It will be impossible for the provincial revenues to bear so heavy a burden unless a substantial portion of the cost is contributed by the people themselves. If, therefore, a particular institution be willing to start a course, it should at the same time be prepared to meet a part of the cost in the shape of increased fees. Government would then have the proposals worked out in detail and consider the question of giving effect to them in order of urgency according as funds permit.

ORDER.—Ordered, that the resolution be published in the *Calcutta Gazette* and that copies be forwarded for information to the Agriculture and Industries Department of this Government ; the Director of Public Instruction, Bengal ; the Secretary, Board of Intermediate and Secondary Education, Dacca, and the Registrar, Dacca University.

By order of the Governor in Council,

J. H. LINDSAY,

*Secretary to the Government of Bengal.*

## DISTRICT REPORTS ON WEATHER AND CROPS.

**For the week ending on the 7th April 1926.**

**Summary.**—Light showers fell in a number of places. More rain is needed for field operations. Sowings of jute and paddy are in brisk progress. Prospects of standing crops are, on the whole, satisfactory. The average price of common rice for the Presidency has risen by about 0·22 per cent. as compared with that of the previous week.
